THE FOUR-WAY TEST

of the things we think, say or do:

- 1. Is it the **TRUTH?**
- 2. Is it **FAIR** to all concerned?
- 3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS?**
- 4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

First: The development of acquaintance as an

opportunity for Service;

Second: High Ethical standards in business and professions;

the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's

occupation as an opportunity to serve society;

Third: The application of the ideal of service in each

Rotarian's personal, business and community life;

Fourth: The advancement of international understanding,

From the President

Pres. RJ Ermita

Good afternoon Fellow Rotarians!

The past few days were spent in orienting member prospects of the club. The process involves father and son tandem HOF Peter and PP John Javier sharing the history of Rotary, the District and of course our club. It is usually followed by "testimonies" of members present on why they chose to be part of our club. The prospects then share a bit of information about themselves. And most importantly, we talk about the expectations and obligations of a Pasig Rotarian. I cannot emphasize more on how important this process is for every prospect to attend and have a glimpse of the club in which he is about to commit to.

With the 7 gentlemen who attended and willing to commit, then today, June 17, may be the day that we achieve our Century Club target. If this happens, then this would be a first for our club. A fitting achievement for our 50th year.

No other than our Governor Tonipi Parungao will join our meeting to induct our new members together with HOF Conrad Cuesta as charging officer.

This is the second to the last Club meeting that I will preside over, and thank you to Pangkat 6 led by VP Bart, for making it memorable.

On the 50th year of the Mighty Rotary Club of Pasig, we remain...

Yours in service,

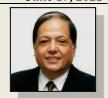

RJ H. Ermita

Rotary Notes

PP Benny P. De Guzman

In basketball, the tense moment is the last two minutes. In our Rotary, it is in this mood last Tuesday. PP Peter was among those who met the prospective members for the orientation. Our first daughter club, RC Pasig South had theirs the day before. Of the four to be briefed, one was a priest and another, a former priest. With DGN Bobby Tanyag assuming the district governor's post the next Rotary year, our daughter club will match our mother club, RC Mandaluyong in the number of district governors produced at four each.

As of last Monday, we have 94 members and many have yet to meet almost a third of our new members including those inducted at the start of the pandemic last year.

Before, when we met in person, it was easy to make my column as I can talk about many members and their reactions during the meetings. In fact, the franchise for asking the first question belonging to PP Ferd cannot be implemented because of his sabbatical to the USA even if Trump is no longer the president.

Gov Tonipi is also in his last two minutes but he is out to push our awareness of Rotary at any chance he will be given.

Today's birthday boy Mayor Vico is every where and is begging friends not to give gifts but to buy food for the hungry in Pasig. The bachelor mayor is ripe for marrying.

Lucky for us as there is no quiz in column of PP Peter but the words are becoming harder per issue and if you find them hard to pronounce, try if you can use them in any way during the week in your meeting with others.

Rotary Notes PP Benny P. De Guzman Continuation 1.

Earlier birthday boy, IPP Nick was one of those who saw Yuka Saso clinch the championship of the US Ladies Golf Open. In one of the pictures, he was with a nephew of our venerable PP Peping. If not for the picture, many would not know and even I that IPP Nick passed also the US Dental Board exams. As the late PP Teddy Yabut, the 2nd club president, would say, "This people coming from hand to mouth existence seem to be earning a lot!"

I think the family of PRID Raffy is enjoying sunny California where IPP Nick celebrated his birthday. They are enjoying the many good and known restos in the area.

The entire members of our club was alarmed when the family of IPP Rel reportedly got the dreaded Covid-19. Only lovely Jen and the yaya were hospitalized though. I reminded PP Rel that it may be useful to ask Rtn Dennis the protocol made by his doctor when he licked it months earlier.

Dr. Michael Sarte the other week told us how to sleep soundly despite the alarming Covid scare. Sleep disorder is now one of the specialties in medicine. The specialties are so well defined that soon, if you are an opthalmologist, the expertise will be left eye or right eye na lang. In orthopedics, napakaraming branches na but the left and right feet are not separated yet. It I will be a doctor, I will concentrate on the on the specialty of billings. That is where the real money is!

COMMON GROUND: ROTARY MAGAZINE 2021 PHOTO AWARDS

In a time of separation, our winning photographers used their cameras to make connections

It was a challenging year for photographers. Once the pandemic hit, travel plans had to be changed or canceled. That was reflected in many of the submissions for Rotary magazine's 2021 photo awards: Many more photos than usual were taken close to home, sometimes as close as the backyard. We did see breathtaking images of some photographers' journeys, many from the days before the pandemic limited travel. Others took this year to experiment with extreme close-ups of a flower petal or a bird in flight. Many photos captured the way COVID-19 has transformed our world and our daily lives. And, perhaps reflecting the fundamental optimism of Rotarians, there were many images of hope, joy, and simple beauty.

Our judge, photojournalist Barbara Davidson, evaluated the photographs with an exacting eye. "I look for use of color as an element of composition, I look for degrees of tones in black-and-white images, and I look for strong composition and an advanced level of photography as craft," Davidson says. But the technical achievement has to be in service of something. "The images that stand out invite one to linger on the photograph and successfully inspire an emotional response."

In addition to the winners and honorable mentions that appear in this issue, the magazine will feature more of the photos submitted by our readers throughout the coming year.

FATHER'S DAY

This coming Sunday will be Father's Day, another Americaninfluenced celebration just 5 Sundays after Mother's Day. How it originated is written in Charles Panati's "Extraordinary Origins of Everyday Things". Hereunder is the excerpt from Panati's book:

The idea for an official Father's Day celebration came to a married daughter, seated in a church in Spokane, Washington, attentive to a Sunday sermon on Mother's Day in 1910 – two years after the first Mother's Day observance in West Virginia.

The daughter was Mrs. Sonora Smart Dodd. During the sermon, which extolled maternal sacrifices made for children, Mrs. Dodd realized that in her own family it had been her father, William Jackson Smart, a Civil War veteran, who had sacrified – raising herself and five sons alone, following the early death of his wife in childbirth. For Mrs. Dodd, the hardships her father had endured on their eastern Washington farm called to mind the unsung feats of fathers everywhere.

Her proposed local Father's Day celebration received strong support from the town's ministers and members of the Spokane YMCA. The date suggested for the festivities, June 5, Mrs. Dodd's father's birthday – a mere three weeks away – had to be moved back to the nineteenth when ministers claimed they need extra time to prepare sermons on such a new subject as Father.

Newspapers across the country, already endorsing the need for a national Mother's Day, carried stories about the unique Spokane observance. Interest in Father's Day increased. Among the first notables to support Mrs. Dodd's ideal nationally was the orator and political leader William Jennings Bryan, who also backed Mother's Day. Believing that fathers must not be slighted,

he wrote to Mrs. Dodd, "too much emphasis cannot be placed upon the relation between parent and child."

Father's Day, however, was not so quickly accepted as Mother's Day. Members of the all-male Congress felt that a move to proclaim the day official might be interpreted as self-congratulatory pat on the back.

In 1916, President Woodrow Wilson and his family personally observed the day. And in 1924, President Calvin Coolidge recommended that states, if they wished, should hold their own Father's Day observances. He wrote to the nation's governors that "the widespread observance of this occasion is calculated to establish more intimate relations between fathers and their children, and also to impress upon fathers the full measure of their obligations."

Many people attempted to secure official recognition for Father's Day. One of the most notable efforts was made in 1957, by Senator Margaret Chase Smith, who wrote forcefully to Congress that "Either we honor both our parents, mother and father, or let us desist from honoring either one. But to single out just one of our two parents and omit the other is the most grievous insult imaginable."

Eventually, in 1972 – sixty-two years after it was proposed – Father's Day was permanently established by President Richard Nixon. Historians seeking an ancient precedent for an official Father's Day observance have come up with only one: The Romans, every February, honored fathers - but only those deceased.

In American today, Father's Day is the fifth-largest cardsending occasion, with about 85 million greeting cards exchanged.

Continuation 2.

After Father's Day, be ready with Grandparent's Day come Sunday, September 10! And who knows, Mother-in-Law's Day will eventually become an official observance. Panati wrote that "few people, including mothers-in-law, realize that the fourth Sunday in October, according to a resolution passed by the U.S. House of Representatives in 1981, is set aside to honor mothers by marriage. To date, the resolution has not been adopted by the Senate, nor is there any recent activity to do so." Obviously, there are no lobbying efforts from among the sons-in-law and daughters-in-law!
