## **Song of the Day**

### ***ANG PASKO AY SUMAPIT..... CHRISTMAS MEDLEY***

Ang pasko ay sumapit  
Tayo ay mangagsi awit  
Ng magagandang himig  
Dahil sa and Diyos ay pag-ibig  
Nang si Kristo'y isilang  
May tatlong haring nagsidalaw  
At ang bawat isa  
Ay nagsipag handog ng tanging alay

Bagong taon ay magbagong-buhay  
Nang lumigaya and ating bayan  
Tayo'y magsikap upang makamtam natin ang kasaganahan

Tayo ay magsi-awit  
Habang and mundo'y tahimik  
Ang araw ay sumapit  
Sa sanggol na dulot ng langit  
Tayo ay magmahalan  
Ating sundin ang gintong aral  
At magbuhat ngayon kahit hindi pasko ay magbigayan

### ***Sa May Bahay.....***

Sa may bahay ang aming bati  
Merry Christmas na maluwalhati  
Ang pag-ibig pag siyang naghari  
Araw-araw ay magiging pasko lagi  
Ang sanhi po ng pagparito  
Hihingi po ng aginaldo  
Kung sakaling kami'y perwisyo  
Pasensya na kayo kami'y namamasko

## Song of the Day

*Continuation 1.*

### ***Pasko na nanamang muli.....***

Pasko na naman o kay tulin ng araw  
Paskong nagdaan tila ba kung kailan lang  
Ngayon ay pasko dapat pasalamatan  
Ngayon ay pasko tayo ay mag-awitan  
Pasko, pasko, pasko nanamang muli  
Tanging araw na ating pinakamimithi  
Pasko, pasko, pasko nanamang muli  
Ang pag-ibig ang maghahari  
Pasko, pasko, pasko nanamang muli  
Tanging araw na ating pinakamimithi  
Pasko, pasko, pasko nanamang muli  
Ang pag-ibig ang maghahari

At magbuhat ngayon, kahit hindi pasko ay magbigayan

At magbuhat ngayon, kahit hindi pasko... ay magbi...ga...yan

Pasig and Rizal High School. We now have pledges for 60 students and need 40 more to complete our club's committed numbers. The call for pledges is still ongoing in our viber chat group.

This morning, our RC Pasig golfers competed in the 3rd leg of our District Golf Tournament at Sun Valley Golf and Country Club. I hope they can join our meeting this afternoon. Let's hear from our PP Conrad Cuesta if the team were contributors or useless golfers. Rotarians competing are PP Rel Gomez, PP Nick Guzman, Rtn Bart Ronquillo, Rtn Vince Ermita and Rtn Ben Baniel.

Let us all congratulates PP Ogie Lim for his company's ISO certification for 3 straight years. Also, to our Rtn Rod Moreno, who recently got the membership of AmCham Philippines. Again, congratulations!

Covid infection rate is going down, but Rtn Bart Ronquillo is still not convinced since he shows our death rate here is in fact higher than those countries with tens of thousands infected. But still no stopping our club from holding our hybrid Christmas Party to be held in Valle Verde Country Club via zoom and face to face with registration now at 25 members. I like to call out your good heart again as we want to give a Merry Christmas Package to our less privileged adopted communities in RC Pasig GK Village, Ilugin, Luxid Rotary Microfinance & Credit Cooperative, Rotaract and more.

Keep safe and stay healthy, fellow Rotarians.

Garrick

## **Rotary Notes**

**PP Benny P. De Guzman**

How time flies even in this pandemic state. In the usual prayers after communion, we usually pray for those who lost their jobs and income or had fears and anxieties. As a club, we will have two more meetings and then our Christmas party and we can bid 2021 goodbye. We have had a great first semester and our zoom meetings were all okay. In fact, the list of guest speakers showed how vibrant our club is even in this critical time.

Last RY, we lost one to Covid and this first semester, we did very well. The City is giving booster shots now and alert levels are lowered for us to move around in a less restrictive manner.

On Sunday, 28<sup>th</sup> November, to start in Tiendesitas parking lot is a Leni motorcade. Cars will be allowed to have extra banners for senators. Sana, we can have all cars with Alex banners.

PPA Laching is head for Pasig of the Robredo campaign. Many are not aware that she is the widow of former Mayor Mario Raymundo. Mario was my club secretary when I was president in RY 1983-84. Alex is doing well in all TV shows and showed always his total grasp of national issues and areas when giving emphasis on them.

Fifteen years ago, when PRID Raffy was starting his huge dollar build up, he was given a major award in business for the improvements he gave to LTO and NBI. Due to his IT ingenuity, he improved the system for the two major government agencies which up to now they are benefiting from his major inputs, In another area of awards, his Ateneo batchmate Tom Zita was awarded for various improvements and innovation in the hotel industry. Raffy did not know that Tom is a brother fo the famous Zita sisters and PP Peping's PPA Bella is the leading one of them

all. His two younger “bilas” have gone well ahead.

PP Ner who annually sponsors 5 scholars was happy to note that due to the two vaccines and the cool country air in Batangas, he licked Covid in a matter of days. First HOF PP Rhett is doing just that. He is farm-based also in Batangas. Kawawa naman citybelle PPA Belle. Country side girl na siya now. Sana hindi delikado and provincial politics in Batangas. Rhett comes from a politically oriented family pa naman.

For our Christmas party where social distancing is assured at the Tanay Deck in VVCC, sana our Mayor Vico will make sure that no KJ will be trying to check us. Clearly, kayang kaya ng iba mangulo. And the December amihan will make sure the place is with natural airconditioning.

Remember when PRID Raffy was to turn 60? He gave a week long celebration at then Mandaring Hotel. On Tuesday will be Lady Minda's birthday and for more than a week, she was being hosted in several birthday bashes. I wonder if PRID Raffy's chopper arrived already. Or he has an old one that he is using. No follow up on the governorship of PP Ramy?

When Pangkat 5 has their actual meeting at the VVCC, I was hoping that other Pangkats will do likewise. PP Peter John can spearhead that move. I think it was Peter John who also made sure the usual Sunday mass also in the Tanay Deck will be regular already. Inter-Pangkat fellowship?

If you have not volunteered any campaign ideas for Alex, can Alex give us directions on what he would want us to do?

## **RI PRESIDENT SHEKHAR MEHTA URGES COUNTRIES AT COP26 TO PROTECT MANGROVES.**

Rotary International President Shekhar Mehta joined the Rotary delegation to the 26th United Nations climate conference in Glasgow, Scotland, on 10 November to explore ways Rotary can work on environmental challenges, including by restoring mangroves, a crucial ecosystem that can mitigate the effects of climate change in coastal areas.

The climate summit, also known as COP26 (short for Conference of the Parties), brought together nearly 100 heads of state and governments over a two-week period to set new targets for fossil fuel emissions. This was Rotary's first time at the annual conference.

Mehta co-led a roundtable discussion with Patricia Scotland, secretary-general of the Commonwealth, that focused on the critical role mangroves play in mitigating and adapting to climate change. Mangroves sequester large amounts of carbon and also protect against storm surges and coastal erosion, filter pollutants, and provide habitat for aquatic life, among other benefits.

Of the 54 Commonwealth countries, 33 contain mangrove ecosystems that together represent 22% of the world's mangroves. Over the last half century, 50% of the world's mangrove systems have been lost due to climate change and rapid urbanization.

"The sea is washing away coastlines because mangroves have gone," said Mehta. "We are losing our ecosystem. Once

mangroves die, our marine system and coastal communities will be lost.”

Climate and environmental representatives and experts from more than 20 countries attended the round table and pledged to act alongside Rotary to help save and restore mangroves.

The members of Rotary’s delegation to COP26 were Judith Diment, dean of the Rotary Representative Network, which comprises 32 unofficial ambassadors to the UN and other international organizations; Doug Wills, Rotary representative to the Commonwealth; Karen Kendrick-Hands, who attended on behalf of the Environmental Sustainability Rotary Action Group; and John MacPherson and Tariq Durrani, who helped organize a competition for schoolchildren in the UK to create posters for display at the conference.

Over the past five years, The Rotary Foundation has committed more than \$18 million toward projects that support sustainable, community-based environmental projects. On 1 July, the Foundation began accepting applications for global grants that support the environment, which was added as an area of focus in 2020. Potential projects include using renewable energy to combat environmental degradation, growing food sustainably, and protecting water sources.

## DID YOU KNOW...

1. If you yelled for 8 years, 7 months and 6 days, you would have produced enough sound energy to heat one cup of coffee. *(Hardly seems worth it!)*
2. If you farted consistently for 6 years and 9 months, enough gas is produced to create the energy of an atomic bomb. *(Now that's more like it!)*
3. The human heart creates enough pressure when it pumps out to the body to squirt blood 30 feet. *(Oh my God!)*
4. A pig's orgasm lasts 30 minutes. *(In my next life, I want to be a pig!)*
5. A cockroach will live nine days without its head before it starves to death. *(Creepy...but I'm still not over the pig!)*
6. Banging your head against a wall uses 150 calories an hour. *(Do not try this at home...maybe at work?)*
7. The male praying mantis cannot copulate while its head is attached to its body. The female initiates sex by ripping the male's head off. *("Honey, I'm home. What the...?")*
8. The flea can jump 350 times its body length. It's like a human jumping the length of a football field. *(30 minutes...lucky pig...can you imagine?)*
9. The catfish has over 27,000 taste buds. *(What could be so tasty on the bottom of a pond?)*

10. Some lions mate over 50 times a day. *(I still want to be a pig in my next life...quality over quantity!)*
11. Butterflies taste with their feet. *(Something I always wanted to know!)*
12. The strongest muscle in the body is the tongue.  
*(Hmmmmmmmm....)*
13. Right-handed people live, on average, nine years longer than left-handed people. *(If you're ambidextrous, do you split the difference?)*
14. Elephants are the only animals that cannot jump. *(OK, so that would be a good thing?)*
15. A cat's urine glows under a black light. *(I wonder who was paid to figure that out?)*
16. An ostrich's eye is bigger than its brain. *(I know some people like that!)*
17. Starfish have no brains. *(I know some people like that too!)*
18. Polar bears are left-handed. *(If they switch, they'll live a lot longer!)*
19. Humans and dolphins are the only species that have sex for pleasure. *(What about that pig?)*
