**Pres. Garrick Ang**

A good Rotary afternoon to everyone!

Our Membership Committee headed by Chair Adolf Aran and his team of Rtn Ferdie Legaspi, Rtn Roy Quejada and Rtn Tet Mallare are busy at work on recruiting another 7 to 10 members to meet our targeted 110 members for this Rotary Year.

Our Public Image Committee headed by Chair PP Rene Bocaya and team is also busy with our coffee table book project. Thanks to Rtn Roehl Fontanilla who helped craft the project timeline and organization, IPP RJ Ermita for introducing a good copywriter, Rtn Mads Bengua for introducing an illustration artist and providing his printing facilities, Rtn Anson Tan for providing the discounted paper to be used in the printing. Also the valuable advisory of all HOFs, PRID Raffy Garcia III, PP Peter Javier, PP Conrad Cuesta and PP Jess Acantilado, together with the leadership of PP Rene, PP John Javier and PE Bong Paloma. Also to all the members who suggested the themes and all who participated in the selection process, “maraming salamat”! A very exciting time for our club for its half century and beyond.

We will be forming new committees for our soon to be finished Rotary Club of Pasig Polyclinic and Health Center. It will be composed of 3 committees namely, Construction, Health Facilities and Lab and Regulatory and Licensing. Thank you again PRID Raffy Garcia III and family, especially to PP Ramy Garcia IV for his tireless effort in managing the ongoing construction. Special thanks to those who will head the committees namely, Rtn Tet Mallare (Construction), PP Jess Acantilado (Health Facilities and Lab) and PP John Javier (Regulatory and Licensing). Another

great milestone for our club for providing health care to our Pasiguenos who cannot afford health care.

As we end the month of October, we remember the Pasig Rotarians and their spouses who have gone ahead with our memorial mass officiated by fellow Pasig Rotarians, Fr. Vincent Amores and Fr Kell Ortega and celebrated at the Holy Family Parish church in Kapitolyo, Pasig, a hybrid with f2f and via zoom. Since it is also the birthday of our dear PP Bert Albano but we will be missing his annual lechon as PP Benny de Guzman will say it. But PRID Raffy Garcia III has catered a good lunch from Alba inside the HFP church hall for those who will attend physically. I heard a rumor from President Elect Bong Paloma that there will be unli wine tasting thereafter at the famous Casa Paloma, the new fine dine cuisine and wine place for Pasig Rotarians, Thank you all for your generosity.

As we celebrate our 50th year, we must be reminded that the sustainability and continuous relevance of the Rotary Club of Pasig was due to the efforts of our past members who have championed the principles and the culture of Service Above Self to our community.

Of equal significance would be the present and past members and officers of the Association of the Rotary Anns of Pasig (ARAP). Our spouses have their own project up to now to help the community which complimented and strengthened the service orientation of RC Pasig through the years. That partnership between Pasig Rotarians and their spouses from ARAP also

resulted to the cascading of Rotary to their children thus making Rotary truly a family affair.

Today we celebrate the lives of our departed Rotarians and spouses, the wonderful memories with them and their spirit of service which we earnestly try to emulate.

We thank them all and pray for the repose of their souls as we likewise pray for their blessings for the club.

Thank you,  
Garrick

## **Rotary Notes**

**PP Benny P. De Guzman**

Even if government agencies will not allow many in groups, who will dare to challenge the determination of our club to honor those who went ahead of this pleasant journey of life. To date, there are eighty- eight from our roster who have gone ahead. Sixteen of them were past presidents and twelve spouses of past presidents. Some past presidents whose Anns, now called spouses still very much around are those of PP Teddy Yabut, Cota Deles; of PDG Mike Ampil, Mita Chioco; of PP Tom Portillo, Dely Claravall; of PP Lino Concepcion, Patsy Sta. Ana and of PP Justo Manalo, Pet Festejo. However, Fenny Peralta and Sawtri Bharwani predeceased PP Kati de los Reyes and PP Mike Sehwan, respectively. Both are no longer with the club. Both must be in their nineties by now or Kati by December yet?

Many are joining the mass and meeting via zoom as health protocols prevent them from enjoying what could be nice and short time fellowship. PRID Raffy is hosting the lunch while PE Bong handled the entire preparation from venue to the catered lunch and the mass and meeting via zoom. He even got the assurance of our new member, Fr. Vincent that he will give general absolution provided he goes to confession within 48 hours or you would have committed sacrilege.

Our family house rule that only one of us would attend had to be set aside as PE Bong told me na baka hindi ma good even the minimum 35 reservations for lunch.

I am not using this scam as a space filler. It has gone to such an extent that only this week the daughter-in-law of our late PP Tom Portillo and spouse of a daughter club's past president were thanking me for thinking of them for a possible loan-convertible to

a grant. But what takes the cake was an ex-Unilab guy like me, who retired as EVP of a major commercial bank and was thankful for endorsing him by no less than me. And in Instagram! I do not use Instagram at all! I am sure many of you in one way or another were used or offered. You cannot go to NBI to report a cybercrime or an attempt to commit one. My lawyer told me “baka balikan ka niyan as surely he knows a lot about you.” This pandemic created a new monster. Bright minds are being used to make the legitimate bucks they used to earn.

Many Rotarians texted sympathies to PP Peping whose son Macoy died decades ago in a car crash in C5 in front of Resins, Inc. in Bagong Ilog. This was when C5 was still being completed and the car crashed against a truck loaded with steel bars. So every time the birthday of former Rotarian Mario Raymundo comes, it is also the death anniversary of Macoy. He would have been sixty last week per PP Peping. Our continuous prayers are for him. Peping and Bella are Marcos fans? No, they are first believers of the faith. The Gospel according to Mark.

This Memorial Mass is also our way of praying for our own dearly beloved as there are so many restrictions. You can go to the over crowded dolomite beach in Roxas Blvd. but even with social distancing, you cannot go to your church.

Tinig congratulates PE Bong and lovely spouse Baby on their wedding anniversary today. We pray for the dead and living too.

Tomorrow, PP Bert will celebrate his birthday. He did not donate the lechon as he wants a true happy surroundings. PRID Raffy and Lady Minda are our hosts. Salamuch!

## ROTARY'S WORLD POLIO DAY PROGRAM LOOKS TOWARD POLIO ERADICATION'S ENDGAME

Rotary's goal of ridding the world of polio is within reach, global health experts said during the 2021 World Polio Day Online Global Update on 24 October. The 30-minute program, "Delivering on our Promise of a Polio-Free World," provided encouraging information about the progress and remaining challenges in the fight to end polio.

So far in 2021, only two cases of wild polio have been reported — the lowest circulation of the disease ever — with one infection each in Afghanistan and Pakistan, the two countries where polio remains endemic.

During a Q&A session, Dr. Hamid Jafari, director for the World Health Organization's Eastern Mediterranean Region, attributed the low case count to several factors. He said these include mass polio vaccination campaigns resuming after the interruption caused by the COVID-19 pandemic, the natural immunity induced by the wild polio outbreaks of previous years, and the restrictions on travel and population movement that also were due to the pandemic.

"This is truly unprecedented that we are seeing this decline simultaneously in the two countries," Jafari said.

He added that the low case count provides a window of opportunity for health workers, but cautioned that a resurgence of the poliovirus is possible since summer is the high polio transmission season. "So this is the time to really press hard in

PP Jun C. Zafra

*Continuation 1.*

making use of the opportunity that presents itself now,” he told Q&A host Jeffrey Kluger, editor at large for Time magazine.

Jafari also addressed the challenges of political change and security concerns in Afghanistan and explained that the polio program there is used to adapting operationally during uncertainty. “Currently we do see opportunities coming up as well, so that we may have access to all parts of Afghanistan for implementing mass vaccination campaigns,” he said.

According to the WHO and UNICEF, nationwide house-to-house polio vaccinations will resume in Afghanistan in early November, providing access to children in areas where campaigns had been banned for the last three years.

“You know with the evolving situation in Afghanistan, it is of course very, very important that we partners maintain our neutrality and impartiality of the polio eradication program,” Jafari added. “As always, we will continue to work with all parties.”

Mohammad Ishaq Niazmand, chair of Rotary’s Afghanistan PolioPlus Committee, echoed Jafari’s sentiments in a [video address](#) with his counterpart for Pakistan, Aziz Memon.

Niazmand said of Afghanistan, “Rotary and our partners are working with all stakeholders to ensure that polio eradication remains a top priority, even in the midst of change. Work is underway to ensure that children have access to lifesaving polio [vaccines] and other childhood vaccines.”

Memon, a Rotary Foundation trustee and chair of the Pakistan PolioPlus Committee, said Rotary continues to build trust with government, community, and religious leaders. “By bringing

*Continuation 2.*

broader health services to children and families alongside polio vaccinations, we're ensuring better health care and greater vaccine acceptance," he said.

## Strategies for the future

This year, the Global Polio Eradication Initiative (GPEI) announced a new five-year strategy for 2022-26 to end all polioviruses, including tackling the persistent transmission of circulating vaccine-derived poliovirus. Rotary and our GPEI partners identified the remaining obstacles to polio eradication and developed approaches to reaching the goal. The plan aims to achieve and sustain a polio-free world through a focus on implementation and accountability while using innovative methods and tools.

This is truly unprecedented that we are seeing this decline simultaneously in the two countries.

## Dr. Hamid Jafari

Director for WHO's Eastern Mediterranean Region

The emphasis will be on decreasing the response time to any outbreak, increasing vaccine demand, increasing access to health care and vaccines, transitioning toward government ownership of vaccination programs, and improving decision-making and accountability.

"Some of the most polio-endemic communities are also the ones that suffer from [a] lack of basic health and civic services," Jafari said. The goal, he said, is a "better alignment and integration with other basic health and civic services in a way that the polio program is seen as a more integrated approach to vaccination."

# Walking the Avenues

PP Jun C. Zafra

*Continuation 3.*

He added that in some communities, children are still missed because of gaps in the way vaccination campaigns are conducted or because of vaccine hesitancy. “This new strategy speaks to engaging the communities with new approaches, new strategies, partnering with communities, [and] building new alliances with these communities,” Jafari said.

The World Polio Day program featured global health experts addressing the new strategy’s tactic of broadening distribution of a new vaccine to address outbreaks of cVDPV2, a circulating vaccine-derived poliovirus. This novel oral polio vaccine type 2 (nOPV2) protects children against polio while being more genetically stable and less likely to regain strength and cause the vaccine-derived polio. It has already been introduced in several African countries, including Benin, Chad, Liberia, Niger, Nigeria, Republic of the Congo, and Sierra Leone.

This novel oral polio vaccine “is a powerful example of the polio program’s innovation to overcome the toughest challenges,” said Simona Zipursky, senior adviser to the polio director of WHO. “Partners, scientists, and leaders from around the world made nOPV2 possible. This is the kind of collaboration that will help end polio for good.”

This year’s program included a powerful video of polio health workers in Afghanistan and Pakistan, as well as Rotary members sharing their World Polio Day projects and events to raise awareness for polio eradication.

## WORD ORIGINS

**Grocer.** What is the origin of the word “grocer”? The word “grocer” originally meant a “wholesaler.” The English merchant who originally dealt in spices, dried fruits, tea, coffee and such foodstuffs in retail amounts was called a “spicer.” A wholesale dealer in these articles was called a “*spicer en gross*” – or a “grosser” – since he sold goods in bulk and by the gross. The word “gross” is from the French *gros* meaning “great” or “large.”

**Guy.** What is the reason the word “guy” is used to mean a man? The English use “guy” to signify a grotesque and ludicrous person – in allusion to Guy Fawkes, a leader of the “Gunpowder Plot” of 1605, and the effigies of him slung up on street corners on November 5<sup>th</sup>.

**Hoodlum.** How did a ruffian come to be called a “hoodlum”? It’s all due to illegible handwriting. In an attempt to coin a name for a San Francisco gang, a reporter took the name of the gang leader, Muldoon, and reversed it – making it “Noodlum.” The typesetter couldn’t read his writing and set it up as “Hoodlum.”

**Kid.** What is the reason we called a child a “kid”? The Anglo-Saxon word for “child” is *cild*. In ancient times – just as today – folks often failed to pronounce the letter “L.” The similarity of antics, led to the use of “kid” as a synonym for “child.”

**Lieutenant.** Why does a “lieutenant” general outrank a “major” general? Because “lieutenant” was originally a substitute. The word comes from the Latin phrase *locum tenens*, meaning “holding the place” – of another, that is – and because of this

# Tinig Tidbits

By: PP Peter M. Javier

## *Continuation 1.*

meaning a lieutenant general should be second only to a full general in rank; he is.

**Mentor.** Why is a mental or moral guide called a “mentor”? “Mentor” was the name of a faithful friend of Ulysses whose form Minerva assumed when she accompanied Telemachus in his search for his father. And so, the term means a “wise counsellor and guide.”

**Minister.** How did a “minister” come to be called that? The word literally means an “inferior person” or “servant.” The original idea was that a minister was supposed to serve his parishioners. This idea has not yet completely disappeared.

**Moron.** What is the origin of the word “moron”? The term is pure Greek but was arbitrarily given to adults with a mental age of eight to twelve years by Dr. Henry H. Goddard. Classifying the mentality of sub-normal people into three groups, those with the lowest intellect would quite obviously be called “idiots” and the middle group, “imbeciles” – but the highest group needed a new name. So Dr. Goddard picked out of his Greek lexicon the word *moron*, meaning “dull, stupid, silly, foolish” – all of which he felt to be a perfect description of the group.

**Pagan.** How did a “pagan” get that name? The Christian Church made its first converts in the cities, its next in the villages and its last in the country. “Pagan” is from the Latin *pagus* and literally means “belonging to a village.”

**Pallbearer.** Why is a “pallbearer” called that? The Romans called the square piece of cloth they threw over their shoulders a *pallium* - and so any sort of covering is a “pall.” “Pallbearers” once carried

# Tinig Tidbits

By: PP Peter M. Javier

## *Continuation 2.*

the coffin under a “pall” though today this coffin covering is not widely used.

**Peeping Tom.** Why do we call a person who makes a practice of peeping a “peeping Tom”? It’s because the tailor who tried to get a look at Lady Godiva as she rode naked through the streets of Coventry in an attempt to obtain a reduction of the taxes imposed upon the people was named “Tom.” This particular “peeping Tom” was struck blind.

**Philosopher.** How did the “philosopher” come to be called that? The Greek word for wise is *sophos* – and the sages of Greece were once called that. But Pythagoras thought this word too arrogant and so added the word *philos* meaning “loving.” The *philosophos*, or “philosopher,” is therefore a “lover of wisdom.”

**Pope.** How did the “Pope” get that name? This term comes from the Italian *papa*, meaning of course, “father.”
