AUGUST IS MEMBERSHIP AND EXTENSION MONTH

Invocation

Ever loving and forgiving Father, we humble ourselves before your holy presence. We come together in fellowship as brothers dedicated to the service in our community. Bless all of us and those joining us online. Bless also this afternoon's activity; pinning of our new Rotarians and classification talk of a new member for the greater glory of your name. We ask you through Christ our Lord. Amen

Amen.

APAT NA URIAN NG ROTARYO

ng mga bagay na ating iniisip, sinasabi o ginagawa:

1. Iyon ba ang **KATOTOHANAN**?
2. Iyon ba ay **MAKATARUNGAN** para sa lahat ng kinauukulan?
3. Iyon ba ay lilikha ng **MABUTING KALOOBAN at LALONG MATAPAT NA PAKIKI-PAGKAIBIGAN**?
4. Iyon ba ay magiging **KAPAKI-PAKINABANG** para sa lahat ng kinauukulan?

Ang Layunin ng Rotaryo

Ang layunin ng Rotaryo ay “**PASIGLAHIN AT IPUNLA ANG SIMULAIN NG PAGLILINGKOD BILANG BATAYAN NG ISANG GAWAIN KARAPAT-DAPAT** at lalo’t higit pasiglahin at ipunla:

1. Ang pagpapaunlad ng pagsasama bilang pagkakataon sa paglilingkod.
2. Ang mataas na uri ng tuntunin sa pangangalakal at sa hanapbuhay, ang pagkilala sa kahalagahan ng gawain kapakipakinabang at ang pagbibigay dangal ng bawa’t Rotaryo sa kanyang hanapbuhay bilang pagkakataon upang makapaglilingkod sa lipunan.
3. Ang pagsasakatuparan sa simulain ng paglilingkod sa bawa’t Rotaryo sa kanyang pansarili, pangkabuhatan at panglipunang pamumuhay.
4. Ang pag-unlad ng pagkakaunawaan, mabubuting kalooban at kapayapaan ng mga bansa sa pamamagitan ng isang pang-daigdig na kapatiran ng mga propesyonal na nabubuklod sa simulain ng paglilingkod.

Song of the Day

IT'S THE 4-WAY TEST #9

(Tune: It's The Real Thing)

We'd like to see *Pilipinos be*
As truthful as can be
We'd like to see *their leaders too*
Be truthful as they should.

The 4-Way Test is what we *offer*
To guide *their* way through life.
It teaches *them to tell the truth*
And not to tell a lie.

Refrain:

It's *The 4-Way Test*
It's Rotary's way
We're all proud to say
It's The 4-Way Test.

We'd like to see Pilipinos live
And work with honesty.
We'd like to see their leaders lead
And serve with honesty.

The 4-Way Test is what we offer
To guide their way through life.
It teaches them to be always honest
Put cheating out of mind.

(Repeat Refrain)

*(Adaptation #4 from It's The Real Thing adaptation
of Rotary by PP Peter)*

From the President

Pres. Bong Paloma

Good afternoon RCP!

Welcome back to our 2nd Hybrid meeting. Today, we have decided to let new Rotarians experience the face-to-face charging and pinning of the Rotary lapel pin. Since the Pandemic started, we have recruited a total of 31 new Rotarians and all of them were charged and inducted virtually. Today, we will re-enact the charging and actual pinning. I hope all 31 and their sponsors will show up on this momentous occasion.

The July birthday celebrants sponsored a lechon to make the fellowship livelier and I will also pitch in some good wines to complete our afternoon fellowship.

Last week, we had a good speaker from the Climate Change Commission, Atty Rachel Herrera. She lauded Pasig for having a clear plan and program to reduce carbon footprint by reducing fuel consumption and carbon emissions from motorized vehicles through the city's existing e-bike sharing program and implementing carless streets on Sundays. She also encourages us to contribute in our little way by minimizing plastic use, practicing recycling in our household and using energy-efficient appliances.

Lastly, I am calling all RCP members to please support Bart, the Chair of our Golf Committee, to help him in our efforts to recruit as many sponsors for the 2nd Leg of the District 3800 Golf Federation Tournament on Aug. 26, 2022. After more than three years of hibernation, RCP will host this event. Let us show the District that we are the best club for organizing events and projects. Thank you again for joining us today and I wish you a pleasant and memorable day.

Stay Strong and Healthy!

Bong

Rotary Notes

PP Benny P. De Guzman

The meeting venue is inviting more participants via zoom or only encouraging poor attendance. With no aircon and when the weather is not cooperative, it is a sacrifice to attend.

It was a timely topic last week about climate change but there was no good time for the open forum as the meeting started quite late. And the zoomers were monopolizing the program.

The hackers are all over from bank accounts to fake news. Luckily earlier, there was message about the Covid illness of spouse Meanne Colayco. A hacker using PP Topax's messenger account and his face thereat was offering a good loan turnable to a grant to me. Since Topax cannot text back how Meanne was, I suspected it and texted Topax who told me even his FB was hacked.

As part of the climate change and with the recent earthquake, should not the Guadalupe Bridge's foundation be checked? I recall it was a one lane bridge 8 decades ago, wooden pa and when expanded this wide, the load expected should not be even a fourth of what it is carrying now. Moreover, the foundation was not examined. We are waiting for a tragedy to happen.

PP Peter, ever the investigative guy on better group interaction for better health noted the alarming increase of Covid cases. Even the well-loved FVR was suspected to have succumbed to this dreaded disease. His two caregivers fell ill due to Covid a day apart. When FVR had fever, he was brought to the hospital only to die there. Double masks? Or, less going out?

Today is the pinning of baby Rotarians and the recognition of their sponsors. It comes as a big surprise that multi-awarded IPP

Rotary Notes

PP Benny P. De Guzman

Continuation 1.

Garrick sponsored three-fourths of them or almost.

Can we reduce the RINOs in our club? Rotarians In Name Only? Reduce means not to get rid of them but to make them more participative in club activities. A mass charging should be more meaningful.

Pres Bong is asking the August celebrants for the lechon. They pledged lechon baka for our sponsored golf district challenge.

When we inducted VM Dodot, we thought we had a connecting link to our member, the Honorable Mayor. But it turned out that they will be together in not attending.

We have the first Lady President of Rotary International. It brings to fore the requirements of RI that all clubs must be mixed membership. But as a club already committed to males only, Pres Bong is considering activating even spouses through his very own spouse Baby. My opinion was not asked. But an unsolicited advise – consult the ARAP. Any induction without the ARAP will not be as meaningful.

A coffee with spouse Baby and ARAP President Susan Grau and two of her active past presidents may do the trick. It may even make your term more meaningful Pres Bong. And to better participation of non-active members. Remember, IPP Garrick served under a lockdown and he did well. He single handedly increased membership too. The bigger challenge is an opportunity as well.

Walking the Avenues

PP Jun C. Zafra

PRESIDENTIAL MESSAGE

Jennifer Jones
President 2022-23
August 2022

We've all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism — an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity — the honor to extend an invitation.

It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It's often tempting to attract people who are exactly like us. It's a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

It's time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization.

Embracing an experience where people feel included is more than just making our membership numbers more diverse. It's about making our meetings and events places where we can speak

Walking the Avenues

PP Jun C. Zafrá

Continuation 1.

openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength — and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come.

A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target.

We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership.

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.

Classification Talk

RTN. BERNARD C. DY

At first impression, we see a multi-faceted leader with remarkably varied and diverse fields of interest. Bernard leads companies in Safety, Health, and Environment, I.T. security, and Construction. Looking deeper, we understand that he is only limited in his endeavors by his life mission and philosophy of 'Saving Lives, Property and the Planet', adopted as the mission statement of one of the companies he founded, Panpisco Technologies Inc.

For Bernard, joining the Rotary is a blessing of congruence with his beliefs and principles. As one of the 'Pandemic boys' of RCP, he looks forward to many years of being more and more 'Rotarized' to put his life mission into action.

Jesuit trained in his formative years, and Bernard graduated from university with a degree in Marketing from U.P. Diliman. He also gained his Master's degree from the Asian Institute of Management. He counts cycling, golf, good food, and time with his family as his 'soul joy'. At first impression, we see a multi-faceted leader with remarkably varied and diverse fields of interest. Bernard leads companies in Safety, Health, and Environment, I.T. security, and Construction. Looking deeper, we understand that he is only limited in his endeavors by his life mission and philosophy of 'Saving Lives, Property and the Planet',

Tinig Tidbits

By: PP Peter M. Javier

FOOD FOR THOUGHT

-Is it spelled “whiskey” or “whisky”? Actually, it is spelled both ways. Irish and American whiskey are spelled with an e; Scotch and Canadian whisky without one.

- You know that feeling when you’re trying to find the perfect word, but can’t think of it? The technical name for that is *lethologica*. (Now don’t forget.)
- Between or Among? Technically speaking, “between” is used to set off two, and only two, things; “among” is used to set off three or more things.
- As far as choosing between “between” and “in between” when describing where an object is located, both can be grammatically correct, so use the one that is less awkward. (There is no such word as “inbetween.”)
- The largest pearl ever found is the Pearl of Lao-tze, which weighed 14 pounds, 1 ounce (6.37 kg). It was found in a giant clam off the Philippine island of Palawan in 1934.

-What is the largest country with just one time zone? China. It had five until 1949, when the new Communist regime reduced it to one. That means that on a given day, “solar noon,” when the sun is at its zenith, can arrive before 12:00 noon in Shanghai, in the far east of the country, and after 3 p.m. at the Tajikistan border, in the far west.

- The term for the growling or rumbling sound your stomach makes: *borborygmus*. It’s actually by fluid and gas moving

Tinig Tidbits

By: PP Peter M. Javier

Continuation 1.

in the intestines, not in the stomach. *Borborygmus* is an *onomatopoeic* word, meaning it was formed by imitating what it attempts to describe.

- To keep dairy products fresher longer, store them at the back of the refrigerator where it's coolest.
- Five popular foods that contain trace amounts of cyanide: cassava root, sorghum, spinach, almonds and lima beans.
- Further or Farther? When speaking of a measurable distance in physical space , use "farther"; when you want to express an addition to an abstract concept, use "further."
- Hung or Hanged? "Hung" is the past tense of "hang" in every case save one – the act of putting someone to death by hanging. In that case, the past tense of hang is "hanged."
- The difference between Elevation and Altitude? Generally, elevation is used to describe how far a point *on land* is above sea level; altitude is used to describe how far a point *in the air* is above sea level.
- Fewer or Less? "Fewer" denotes a specific amount of something countable; "less" denotes a general amount of something not countable.
- Stalactites and Stalagmites? Both are *speleothems*, mineral deposits that form inside caves. Stalactites resemble icicles and extend down from a ceiling or overhang; stalagmites extend up from the floor. An easy way to remember which is which: Stalactite, with a **c**, comes from the ceiling.

Tinig Tidbits

By: PP Peter M. Javier

Continuation 2.

- The difference between Weather and Climate? “Weather” is used to describe atmospheric conditions in a specific region over a short period of time; “climate” describes how a region’s atmosphere behaves over many years.
- Ever wonder if you’re supposed to replace the cotton in a pill bottle once you’ve opened it? According to pharmacists, you’re not. The cotton stops the pill from breaking during transport, but once a bottle is opened the cotton can attract moisture that can damage the pills.
- To get the most juice out of fresh lemons or limes, roll them firmly under your palm on the kitchen counter before slicing.

ROTARY CODE OF CONDUCT

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve in Rotary
3. Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community
7. Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring dis-favor or reflect adversely on Rotary or fellow Rotarians
8. Not seek from a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship
