NOVEMBER IS THE ROTARY FOUNDATION MONTH

Invocation

God our Father, hear our prayer and let the radiance of your love scatter the gloom of our hearts, especially our society torn by violence, despair, and godlessness. The light of heaven's love has restored us to life: free us from the desires that belong to darkness. We ask this through our Lord Jesus Christ, your Son, who lives and reigns with you and the Holy Spirit, God, for ever and ever.

– Amen.

THE FOUR-WAY TEST

of the things we think, say or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First :** The development of acquaintance as an opportunity for Service;
- Second :** High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third :** The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth :** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Song of the Day

THAT'S WHAT FRIENDS ARE FOR

And I never thought I'd feel this way
And as far as I'm concerned
I'm glad I got the chance to say
That I do believe, I love you

And if I should ever go away
Well, then close your eyes and try
To feel the way we do today
And then if you can remember

Keep smilin, keep shinin
Knowing you can always count on me, for sure
That's what friends are for
For good times and bad times
I'll be on your side forever more
That's what friends are for

Well, you came in loving me
And now there's so much more I see
And so by the way
I thank you

Whoa and then for the times when we're apart
Well, then close your eyes and know

Song of the Day

Continuation 1.

The words are coming from my heart
And then if you can remember Oh

Keep smiling and keep shining
Knowing you can always count on me, for sure
That's what friends are for
In good times and bad times
I'll be on your side forever more
That's what friends are for

Whoa... Oh... Oh... Keep smilin, keep shining
Knowing you can always count on me, for sure
That's what friends are for
For good times and bad times
I'll be on your side forever more
That's what friends are for

Keep smilin, keep shinin
Knowing you can always count on me, for sure
Cause I tell you, that's what friends are for
Whoa, good times and the bad times
I'll be on your side forever more
That's what friends are for

From the President

Pres. Bong Paloma

Good afternoon RCP!

We did not have our TINIG last Nov 17 during our fellowship night. So today, we expect our TINIG issue to double in terms of content, for the past three weeks were genuinely action-packed.

Last Nov 10, we had Cliff Eala discuss designing a mindset for changing behavior. It was a new concept, and we all learned something new during his talk. This was followed by a district event last Nov 12 (Pitong Alay Serbisyo ng Rotaryo sama sama para sa Baras, a District Project, and RCP was taking on one of the seven areas of service focus – Education). In addition, we donated 100 school bags and school supplies.

To raise attendance during the club meeting, the board decided to change the time of the club meeting to early evening and held a fellowship night to test if the schedule change would entice newbies to attend. Unfortunately, the attendance was still the same, although few new faces showed up, and the evening was full of fun. However, it sure did raise camaraderie and friendship over good food, singing, wine, beer, and whisky.

We finally launched our Alapabasa project with Sto Nino Elementary school last Nov 14, and we also did the turnover of the wash basin and drinking station projects. It was a well-attended project launching. Our very own Mayor Vico and Congressman Roman graced the occasion, along with local Brgy officials, Deped district officers, and the Rotary Club of Pasig North. The students and teachers were delighted and excited to witness such a well-attended activity and program. The following day, Vice Mayor

Dodot attended the graduation of teachers whom Alfabasa trained.

The construction of the remaining three wash basin and drinking stations in the other schools are ongoing. Hopefully, we will soon launch the same reading program in the three Pasig Public Elementary schools in partnership with Alfabasa and Reading Specialist. Oh, before I forget, we also launched our partnership with Rizal Medical Center on the PreeClampsia awareness, education, and detection program, and we donated hundreds of test kits. The event was attended by PP Rene, PP John, and PP Jess last Nov 7. We are now re-assessing the supplementation need of our existing Human Milk Bank project at RMC to see how else we can help improve the program.

Finally, last Nov 19, we embarked on a tree planting activity in collaboration with Climate Change Commission's Million Trees project. We planted trees at the La Mesa Nature reserve in Quezon City. My wife and two daughters joined me.

Indeed it was an eventful three weeks, and as we close the year, we will be busy with more Rotary service projects. I look forward to more members participating in our future events and activities.

Today, we will have a classification and wiser talks. Rotarian Peter Pancho and PP Vic Aquino will be our guest speakers. We will get to know Peter better and hear about PP Vic's Rotary journey and his 30 years of attendance in RCP club meetings.

Thank you again for joining us today.

Stay strong and healthy, RCP!

Rotary Notes

PP Benny P. De Guzman

In our last meeting, an Indian from the original place our PP Arjan and only five years with Rotary but already a major donor to The Rotary Foundation, was so impressed as he sat with us, all past presidents of our club. But what was remarkable, by 2pm, with our guest speaker, Cliff Eala still in the midst of his talk, he begged off and even went to say his goodbye to Pres Bong seated at the presidential table. It delivered a basic point about our Rotary time. It is ok to go beyond 2 pm every now and then but not often. Start na tayo at 12:45pm?

Congratulations to PP Nick and spouse Nana on their first apo and for giving PRID Raffy and Lady Minda their first apo sa tuhod!

The other center figure is Rotary Club of Pasig's Solid Rock, PP Sonny Samson who had a very long wake as spouse Nene decided that all members of the family must be around. Daughter Devi's family is US- based and getting here took time. Sonny succumbed to pneumonia affecting all his vital organs and he peacefully went to our Creator early morning of 30th October in the presence of his family. His Junior, who in the family is called Kuya painfully made the response during the final mass at Della Strada Church. Daughter Devi, husband and children made sure to put at ease their grieving mother who, because she is not vaccinated cannot be exposed to many wishing her well.

For Rotary, only three of us gave the necrological salutations to the great Rock. PRID had to rush from Frisco with Minda to make sure he was there to honor the Rock, who covered up for him as president whenever Raffy had to go to abroad during his

PP Benny P. De Guzman

Continuation 1.

Presidency. The most number honoring Sonny was by UNILAB, who he served for 13 years as the President of the Company. He got his battle stripes in foreign operations but adjusted very well to handle all the many divisions with flying colors. He also commissioned the United Hymn made by the great Ryan Cayabyab that brought tears, not only to Sonny, but also to those who heard it, the very first time. It was his rallying point.

Unilab acknowledged his great feat by honoring him with a full page in major papers citing the great contribution by “El Presidente” for 13 very productive years. The whole family will stay with spouse Nene till the 40th day on December 8, when those based abroad will have to go. Kuya will take over Sonny. The many scholars you gave opportunities at Rizal High, the many churches you assisted, the many priests you sponsored and the many lives you have touched will make your entry to the Pearly Gates faster than usual.

Even the final mass, officiated by Bishop Bacani and the Parish Priest of Sta. Maria Dela Strada, assisted by 10 priests was like a canonization rite of sort. I was expecting miracles attributed to him being a great servant of God.

Tinig congratulates PE Adolf on his AIM Certification for Innovations. Can you imagine a certificate in Innovations and Rotary’s theme of Imagine Rotary, when Adolf will lead with Innovation and Imagination plus the RY theme when he assumes the presidency, making it a great year.

ROTARY PROJECTS AROUND THE GLOBE

Dominican Republic

Like other places in the Dominican Republic, Los Cocos de Jacagua faces shortages of suitable housing and sanitation infrastructure. For 15 years, the Rotary Club of Santiago Monumental has addressed community needs there in tandem with a Rotary Community Corps, creating a library, a community center, playgrounds, and a financial cooperative. They installed hundreds of latrines and provided medical care, among other contributions, many accomplished with the help of international partners in District 7710 (North Carolina). The Santiago Monumental club has begun building homes for families, completing nine as of February at a cost of about \$10,000 each, says club member David Crow. “Our international partners spend a week at a time with us, providing labor for the construction effort,” Crow says. “This alliance is a powerful way to promote peace and offer Rotarians the opportunity to live and work together with local Rotarians and the communities served.”

United States

Four Rotary clubs in Florida flexed their muscles with a fire truck pull to raise more than \$15,000 to refurbish the entrance of an assisted living facility. Sixteen teams competed to be the fastest to tug the 17-ton truck 50 feet across the parking lot of a sponsoring brewpub. Led by the Rotary Club of Mid-Bay Bridge (Choctawhatchee Bay), the April event drew about 400 people. Joining the effort were the Rotary clubs of Destin, Fort Walton Beach, and Niceville-Valparaiso, which sponsored the winning

team of Niceville High School football players. Members of two Knights of Columbus chapters and the Boggy Sisters, a senior support group, assisted the Rotarians. Community partnerships “lightened the load and made the event possible,” says Steve Wolfrom, immediate past president of the Mid-Bay Bridge club.

Romania

To put the brakes on dangerous driving, the Rotaract Club of Bistrița Omnia recently partnered with the police and a driving school to set up a car crash simulator at locations in the northern Transylvanian city. “It consists of a driver’s seat equipped with a seat belt, fitted on a moving platform that reaches a speed of about 18 mph,” says Christian Nistor, immediate past president of the club. “The platform crashes into a stopping bar, simulating the accident.” The device was built by the Rotaract Club of Târgu Mureș Téka. Interact and Rotary clubs have also helped with the project. During one simulation event in May, about 200 people were put to the test during the Drive Safely, Choose Life initiative, Nistor says. “Drivers are reminded of the importance of seat belts and the effect of speed in a car crash,” he says.

Germany

The Rotary Club of Göttingen-Sternwarte teamed up with the Production School Göttingen, a trades-oriented institution for teens, to harvest about 2 tons of apples and turn them into nearly 400 gallons of juice. The Apfelfest project culminated in October 2021 with the juice being donated to elementary schools or sold, raising more than \$3,300 for End Polio Now. “The juice is amazing — a sweet-sour note, pure apple flavors,” reports club

member Sönke Jaek. “And the dry apple mash was used to feed game such as deer and boar. They loved it.” Club members also serve as tutors and assist the students in writing resumes, finding internships, and applying for jobs.

Stewardship and Service

We are all called to a life of service and a servant does not look for his interests but for the needs of those around him. That is why there is no specific place of service because our whole life has to be of service to God.

Serving is sowing good seeds. To serve is to attend to anyone who needs us regardless of whether or not they can return the service. Serving is always sowing without rest, even if it is only others who will reap and savor the crops. Serving is much more than giving what we have in your hands. It is giving from our hearts what perhaps we were never given.

Service encompasses a series of values such as to spread joy, to instill faith, dignity, admiration, respect, gratitude, sincerity, honesty, freedom, optimism, trust and hope. That is why serving is truly that attitude and predisposition of wanting to give more than what we have received in life and from life. We serve because we are grateful. Stewardship and Service

That is why serving is truly that attitude and predisposition of wanting to give more than what we have received in life and from life. We serve because we are grateful.

Let us keep in mind that the spirit of service goes beyond the fulfillment of duty, of doing what is strictly obligatory. In order to achieve that spirit of availability we must maintain a great love for God and for humanity.

For an organization to function, all members must put at the service of the Lord the gifts they received from Him. God gives us gifts to serve others, not for our own benefit or enjoyment, but for the edification of his people. The apostle Peter makes it clear:

"As good stewards of the manifold grace of God, each of you should use whatever gift he has received to serve one another." 1 Peter 4:10

"He who does not live to serve, does not deserve to live. "Let us keep in mind that the spirit of service goes beyond the fulfillment of duty, of doing what is strictly obligatory. In order to achieve that spirit of availability we must maintain a great love for God and for humanity.

Rotary Club of Pasig Launches the Alpabasa Reading Program

The month of September saw members of the Independent Republic of Rotary Club of Pasig visibly disturbed by the messages of the education expert guest speakers Dr. Ani Almario and Teacher Tisha Cruz. Both speakers in separate lunch meetings relayed the same message — that the Philippines has ranked the lowest among 79 countries in reading comprehension and that learning poverty in the country has reached a very alarming high of 90 percent!

Such discomfort from the members stems from the obvious knowledge that our kids need to learn to read during their formative years, as reading is the gateway for learning other areas—such as math, science and the humanities. RCP members understood that this inability to read closes the gate to learning and ultimately threatens progress in all aspects of our country.

Once again the inner spirit of Pasig Rotarians as ‘Men of Action’ endowed with the value of ‘Service Above Self’ was triggered and a quick un-calendared project was shortly in the works. The Alpabasa Reading Program was hatched to be piloted within our beloved Pasig City.

The Alpabasa Reading Program in Sto Niño Elementary School

Among the schools identified by Ms Tisha Cruz for the implementation of the Alpabasa program was Sto Niño Elementary School in Brgy. Dela Paz, Pasig. Considering that

Alpabasa Reading Program

by Director Bernard Dy

Continuation 1.

said school is one of recipients of the our Club's District Grant Handwashing and Drinking Station project, the Board decided to pilot the reading program at Sto Niño Elementary.

On November 14-15, 2022, a Two-Day Teacher Training was held to start the Alpabasa Reading Program at Sto Niño Elementary. This project was welcomed by DEPED Supervisor for Cluster 6, Dra Sofia Papio that volunteered that DEPED's current thrust and directive is 'recovery' after admitting that gaps in reading, math and science have been identified. Thus, the Alpabasa Program is truly heaven sent to them specially at this time.

The training included an extensive workshop, distribution of hardware tools as well as a one year on-line video subscription for all the Kindergarten and Grade One teachers. It was obvious that the teachers, the school principal, Mrs. Analou Madrigal and Dra Sofia Papio were awed by the level of support given to them by our club. Not only were they impressed by the play-based, structured learning technology that was shared with them, they also felt the immense concern and support from no less than our fellow Pasig Rotarians Mayor Vico Sotto, Vice Mayor Dodot Jaworski and Congressman Roman Romulo. The Rotarian leaders of our beloved city took turns to make sure that the city was represented from the opening of the workshop, up to the closing ceremonies.

A meaningful close that will surely be emulated

The pilot launch closed with Alpabasa Program creator and Teacher Tisha Cruz giving her final message to the newly equipped teachers. She then led the teachers in a simple but

heartfelt oath where the teacher committed in unison to deliver the goal of —100% no non-readers among the kinder and grade one students of Sto Niño Elementary within 10 months.

Rtn Vice Mayor Dodot in his closing message said it very aptly that the problem and the challenge is so huge that for him the only viable way to address it is the very manner this project was executed. Rtn Dodot stressed that “the only way is for government and the private sector to join forces and work together.”

With the first successful pilot tucked under our belt, our club is looking forward to be able to deliver the same success to perhaps two or three other pilot schools before the end of the year. We look forward to more of our club members joining in and experiencing the fulfillment of contributing to nation-building through the RCP Alpabasa Project.

***DECLARATION OF ROTARIANS
IN
BUSINESS AND PROFESSIONS***

As a Rotarian engaged in a business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of the ethical codes of my vocation, to the laws of my country, and to the moral standards of my community;
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation;
4. Be fair to my employer, employees, associates, competitors, customers, the public and all those with whom I have a business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or professions;
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

ROTARY CODE OF CONDUCT

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve in Rotary
3. Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community
7. Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring dis-favor or reflect adversely on Rotary or fellow Rotarians
8. Not seek from a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship
