Emcee
- JANUARY AWARENESS MONTH -**

Invocation

Lord, you said that where two or more are gathered in Your Name, You are there in their midst.

We acknowledge Your presence, Lord, as we come together today. Grant us the gift of understanding so that we could accept our differences and have the capacity to dialogue.

May this meeting enrich our knowledge, would encourage us to be more in solidarity with those in need, and would strengthen us to carry out our task.

We ask this through Christ Our Lord.
Amen.

THE FOUR-WAY TEST

of the things we think, say or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First :** The development of acquaintance as an opportunity for Service;
- Second :** High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third :** The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth :** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

Song of the Day

NEVER ON MY ROTARY DAY

Oh, you can meet me on a Monday,
 A Monday, a Monday is very very good.
 Oh, you can meet me on a Tuesday,
 A Tuesday, a Tuesday in fact I wish you would.
 Or you can meet me on a Wednesday, a Friday,
 A Saturday and Sunday is the best
 But never, never on a Thursday, a Thursday
 A Thursday 'cause that's my Rotary day

Refrain:

Most any day, you can be my guest,
 Any day you say but my Rotary day.
 Just name the day that you like the best,
 Only stay away on my Rotary day.

Oh, you can meet me on a cool day,
 A hot day, a wet day, whichever one you choose.
 Or try to meet me on a gray day,
 A May day, a pay day, and see if I'll refuse.
 And if you make it on a bleak day,
 A freak day, a week day, then you can be my guest.
 But never, never on a Thursday, a Thursday,
 A Thursday 'cause that's my Rotary day.

(Repeat Refrain)

(Lyrics adaptation by PP Peter)

From the President

Pres. Bong Paloma

Good afternoon RCP!

Welcome to our second club meeting for the year!

Let me welcome the year with another service activity for our 70 scholars. It has been a while since we have not extended any form of help to our scholars (disrupted by the pandemic), and during our 1st board meeting for 2023 yesterday, it was approved that we meet with them on January 18 (RCP's official anniversary date) and we will give a short talk and dialogue with them to understand how best we can serve their needs. We will also give their five monthly allowances equivalent to P3,000 for each scholar on the same day. Hopefully, this will be the start of a much better engagement by our Interact scholars at RHS and the re-invigoration of our Rotaract scholars at PLP.

Don't forget, January 19 at 6 pm is our 52nd Charter Anniversary celebration at Valle Verde 6 Clubhouse. Please come with your spouse and wear your RCP short sleeves white barong. For the ladies and guests, it will be smart casual attire. We will also have visiting Rotarians (six couples and two individuals) from Canada and Argentina as guests. They are part of the Rotary Friendship and Youth Exchange program, and we are hosting three couples in our respective homes (me, PP John, and Rtn Anson) as part of the cultural exchange program and for them to experience the Filipino way of life and living.

On January 25, the Canadian and Argentinian delegates will visit our Pasig Rotary GK Village in Sitio Caliwag, Pinagbuhatan and conduct a gift-giving activity for the 100 families. Please join us if

From the President

Pres. Bong Paloma

Continuation 1.

you are free. It will be from 9:00 – 10:30 am. We will also rush the re-painting and installation of the new Pasig Rotary-GK Village signage in time for their visit and gift giving activity.

We also would like to issue a call to all members to please help us recruit new members as we delisted eight RCP inactive members last December. From 103 members, we are now down to 95 members. We hope to induct five new members during our anniversary program to bring us back to a century club status.

Lastly, we have another exciting speaker today. The CEO of Habitat Humanity Philippines, Ms. Mardi Mapa Suplido who will give us a glimpse of Habitat for Humanity's mission and vision of building a decent home for every Juan. Her organization is reaching out to 4 million impoverished families by extending assistance so they can experience affordable, safer living conditions and acquire the financial ability for a better future. Hopefully, we can explore and strike a partnership with them to partake in their mission to improve and transform the lives of Juan.

Thank you for joining us today, stay strong and healthy!

Bong

Rotary Notes

PP Benny P. De Guzman

In a week's time is our charter anniversary. Our celebration will be a day after during our regular Thursday meeting day but it will be in the evening. It will be at the clubhouse of Valle Verde 6 where PP Toti resides. He is hosting the place as it is his birthday. He is providing only the venue but if we have a good attendance, he may sponsor the entire event?

But a very good attendance? I hope our meeting last week is not an indication. Pity the guest speaker who came on time. Luckily, he was not a relative of our late PP Justo Manalo. He brought a rare painting of the great artist, Botong Francisco but only for show and not for raffle.

Our two previous crowd drawers of many years were flops this time. I mean the Memorial Day last October and our Christmas Party in December. Our Anniversary is the last of the crowd drawer this Y. Can we not help the Board by getting our charter members to attend? With the help of charter members PPs Esto, Peping and Arjan and the most senior of the comers after induction, PRID Raffy, we can invite them to show how big we really are now. PP Peping can bring his balae, CM/PP Kati de los Reyes. Baka mag rejojn pa.

Even the widows of former members we can invite to show they are still part of the family. And the ARAP. They are support to our club.

Tinig condoles with the family of PDG Rudy San Felipe. Expect one every month as the average ages of those who are over 40 years in Rotary are over 80. Exceed na sa average death of our country ang over 80!

Rotary Notes

PP Benny P. De Guzman

Continuation 1.

Our Rtn Ben's team won in a major golf tournament. At least that was according to him. But the trophies and pictures were there kaya very convincing. Congrats. Like Rtn Manfred, your attendance is far better in the golf course than in our club.

The fiasco at the airports saw also our PP Rel staying longer in Davao. Not only at the airports, In major ports in Batangas and Mindoro, delayed trips were also felt.

Tinig salutes PP Peping. His regularity in attendance despite being in a wheel chair is very commendable. To match his regularity not in attendance as he has to travel for Rotary International is PRID Raffy. He brings first class hard drinks. Globe trotter HOF/PP Conrad knows where to place himself in our meeting. Booze and boozug pa.

Incidentally, the One Philippines of our PRID Raffy must be played up here. His brand ambassador, Tony Meloto who he gave for one million pesos for his Paraiso Farm last year with a pledge of a million pesos a year should be made our guest apeaker. Tony, multi awarded for his concern for the country was invited to join and is very active with the Rotary Club of Manila. There are many in our club who can have a mini Paraiso Farm in their various home provinces.

As I have started so will I end for a better anniversary celebration. Let the Board members, all Pangkat heads and all PPs put their best to make it the best ever. The lady president of our daughter club in Pasig who is active in our major events must be invited as well. She can sing, dance and be part of the club.

Walking the Avenues

PP Jun C. Zafra

ROTARY PROJECTS AROUND THE GLOBE

January 2023

United States

Worldwide, only 17 percent of electronic waste and less than 5 percent of devices containing lithium ion batteries are recycled, even though their chemical elements offer a “cycle of nearly infinite recyclability,” according to Redwood Materials. Since early 2022, more than a dozen Rotary clubs across the United States have collaborated with the Nevada-based battery recycler to host collection drives, yielding tens of thousands of pounds of cell phones, laptops, power drills, electric toothbrushes, and more. “This is a turnkey project,” says Clari Nolet of the Rotary Club of Los Altos, California, a board member of the Environmental Sustainability Rotary Action Group. “You clean out your junk drawer, address U.S. supply chain security and environmental issues, and assist in the adoption of electric cars.”

Canada

On 17 September, volunteers from the Rotary Clubs of Oakville, Oakville-West, and Oakville Trafalgar, Ontario, packed more than 1,000 bags of barley bound for St. Vincent and the Grenadines, a Caribbean country recovering from a series of natural disasters. Rotary members emptied sacks of barley into bins, manually weighed the grains into 1-pound bags, and boxed them. Normally “it takes two shifts of five full-time people to accomplish what we did in three hours,” says Sundeep Khosla, an Oakville club member. His club has made a commitment to monthly shifts at the

Walking the Avenues

PP Jun C. Zafra

Continuation 1.

warehouse, run by GlobalMedic, a charity focused on rapid response to disasters worldwide.

Portugal

Charity walks are a staple of Rotary fundraising, but the Rotary Club of Silves stepped up the effort. Its members tackled a 75-mile portion of the Way of St. James (the Caminho de Santiago in Portuguese) during a six-day journey along the route from Valença, Portugal, to the grand Cathedral of Santiago de Compostela in Spain. The club used social media for fundraising and sharing dispatches from the route as seven Rotarians and three of their friends set off on 23 September. By the end of the trek, the group had raised about \$14,000 to help fund a sensory room and garden for children with autism or Down syndrome at the Silves Sul school in Armação de Pêra. The schoolchildren tracked the pilgrims' progress online. They also gave the walkers toys for "constant encouragement" and to serve as school mascots they could cheer for, says Pam Winn, one of the walkers.

Kosovo

The Rotary Club of Peja dedicated a 9/11 memorial, dubbed "Memory and Friendship," in the city on the 21st anniversary of the attacks. The club, its members, local businesses, and individuals offered financial and in-kind contributions valued at more than \$30,000 for the project. "But the real value of the memorial is immeasurable," says Club President Arbër Asllani. "Searching for such memorials globally, we found that none of them is in southeast Europe." The idea was first suggested by Nehat Devolli, a club member and businessman. The centerpiece — a steel beam from the ruins of the twin towers donated by the New York City Fire Department — was a must, according to

Walking the Avenues

PP Jun C. Zafra

Continuation 2.

Asllani. “New York City is almost 7,400 kilometers away from Peja,” Asllani said in his address at the dedication ceremony, “but on that particular day, Sept. 11, it felt closer because tragedy unites people.”

Fiji

Along with community volunteers, members of the Rotary Club of Lautoka planted more than 4,000 mangrove saplings in September along a nearly 2,000-square-foot stretch of beach at Taiperia. The area, home to low-income Fijians, is about 2.5 miles from central Lautoka, on the island of Viti Levu. “For a small island nation such as Fiji, it is particularly important to protect our homes and livelihoods, as the vast population of the country lives near coastal areas,” says Club President Chirag Parmar. “The planting of mangroves helps protect these areas from coastal erosion and also rehabilitates the ecosystem of our shoreline.” The club teamed up with the Ministry of Forestry on the project and used \$130 in donations to buy the plantings. “We used a small batch of funds from a much larger donation received from the International Fellowship of Rotarian Scuba Divers,” Parmar adds, illustrating the depth of Rotary partnerships.

This story originally appeared in the January 2023 issue of Rotary magazine.

Our Guest Speaker

MS. MARDI MAPA-SUPLIDO

Mardi is the CEO of Habitat for Humanity Philippines, following over 34 years in top management positions across government and the non-profit sector.

Mardi's expertise includes strategic planning, policy dialogue, multi-stakeholder collaboration, and social mobilization, with specialization in development areas of good governance, peace and human rights, health systems strengthening, disaster resilient housing, youth organizing, and promoting the rights of the child.

Mardi has held national and local executive and legislative government posts —as Chairperson of the National Youth Commission under the Cory Aquino administration, as an elected Provincial Board Member in the Province of Negros Occidental, and as Director for the Office of the Presidential Adviser for the Peace Process handling peace talks with rebel returnees.

Before Habitat, Mardi was Build Change's Country Director for the Philippines and Indonesia, following seven years as the Philippines Country Manager for The Fred Hollows Foundation. Mardi was also the Local Governance Specialist for the Australian Agency for International Development Manila and has managed several foreign-funded projects for the US Agency for

Our Guest Speaker

Continuation 1.

International Development, Canadian International Development Agency, European Union, World Bank, and the United Nations Development Programme.

As Habitat Philippines' Chief Executive Officer, Mardi is responsible for the leadership and growth of the organization, managing strategic people and operational development. She also drives the progress of the Negros Occidental Impact 2025 Project, which, in partnership with the Hilti Foundation, aims to build 10,000 homes in sustainable and disaster-resilient communities using the cement bamboo frame technology to help address the housing gap in Negros Occidental.

BREAKTHROUGHS & EVENTS IN 2023

A Universal Vaccine Against COVID?

About a dozen efforts are currently underway for making universal coronavirus vaccines which will be highly effective against a wide range of variants. Already researchers at the Francis Crick Institute in London and scientists from CalTech have achieved positive results.

The Year of Artificial Intelligence

From writing emails to hearing and understanding sounds, we're seeing AI do the most impossible of tasks in addition to handling complicated activities. AI has already assisted in streamlining automation and enhancing the speed and accuracy of labor-intensive processes. AI is all set to play a more prominent role in frontline healthcare in 2023.

The FIFA Women's World Cup

The World Cup mania continues in 2023 with Australia and New Zealand co-hosting the FIFA Women's World Cup in July with 32 nations participating for the first time. Women's football is becoming increasingly popular with growing revenues globally from sponsorships, broadcast deals and merchandising.

Celebrating 100 Years of Walt Disney

The celebrations called "Disney 100 Years of Wonder" will kick-off on January 27 at Disneyland Resort in Anaheim, California. The resort will don a new platinum décor throughout and Mickey Mouse, Minnie Mouse and all of their friends will be in platinum as well.

Tinig Tidbits

By: PP Peter M. Javier

Continuation 1.

Other Social Media Alternatives

While less than a billion people were using social media back in 2010, the number has risen to more than 4 billion in the last 12 years. Most tend to rely on Facebook, Instagram or Twitter but now a new era of social media is unfolding. Mastodon, Hive Social, BeReal and Post News are all picking up steam.

Launch of iPhone 15 and Pixel Tablet

Apple is all set to launch a variety of brand-new products including the highly-anticipated iPhone 15 Series which will include a new processor and camera upgrades. This year, an Android competitor to the iPad is also coming in the form of Google's Pixel tablet.

The Biggest Cycling Event in History

Cyclists will gather in Glasgow and across Scotland for the biggest cycling event in history. About 8,000 amateurs and professionals will compete in the Union Cyclists International's Cycling World Championships which includes disciplines such as mountain biking, cross country, indoor cycling and BMX racing. A total of 190 new world champions will be crowned.

Revolutionary Animal-Free Protein Grown with CO2 and Hydrogen

Finnish company, Solar Foods has been granted regulatory approval for making Solein, an animal-free protein powder grown using hydrogen and carbon dioxide. Solein is being called the world's most sustainable protein. An entirely new ingredient to the world of food is being introduced.

Wheat not Weeds

By: Rtn. Fr. Vincent Amores

Starting Over Again

New Year's resolutions are a common practice. We think about what we want to achieve in the year, visualizing our improvement and setting ambitious goals, adding activities to a schedule.

The change of year allows us to have the feeling of starting over, of having a new opportunity to improve, of trusting that what we want to change can happen. On January 1, the meter goes to zero and we have 365 new opportunities to do great things ahead of us. Or at least that is what we think.

The New Year is that blank page, that “I start on Monday” that many look at full of good intentions. However, that date is not accompanied by changes per se. It is only a date full of meaning, which we can take advantage of to encourage us to generate the effort to achieve the desired changes or purposes. What we must remember is that these purposes are not fulfilled on their own.

We live in a society with a very fast pace, and extremely demanding standards. Instead of looking for an even greater workload, I realized that for my well-being it is better to drop certain practices.

Recently, I came into these realizations as I look back to the year 2022:

Wheat not Weeds

By: Rtn. Fr. Vincent Amores

Continuation 1.

Stop overthinking, when we do this, we stray from our goals and risk falling into conversation loops that get us nowhere. Stop neglecting your well-being to please others. We cannot be effective at anything if we are not well and balanced. Stress can get in the way of most tasks.

Stop stressing about what we can't change. Be patient, that is, change what is in our hands to change and accept what we cannot change.

Above all, let us put our unbounded trust in the hands of the Almighty. We do not know what the future holds for us, but we do know Who holds the future.

In short, maintain a healthier lifestyle: Balance diet, exercise, healthy relationships and good spiritual nourishment.

Glimpses of Our Last Meeting

PE Adolf starts 1st meeting of 202 which FP Noel emcees. PP Jun leads invocation.

Rtn Bernard sings Pambansang Awit. Rtn Bart recites 4-Way Test. Rtn Bebert introduces visitors.

"My Rotary Day" is sung by Pangkat 1 quintet.

Glimpses of Our Last Meeting

Comments from Rtn Bebert, PP Henry and PP Jun.

HOF/PP Conrad is finemaster. PE Adolf with his message & introduction of Mr. Victorino Manalo, Director of National Archives.
