## Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- First :** The development of acquaintance as an opportunity for Service;
- Second :** High Ethical standards in business and professions; the Recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- Third :** The application of the ideal of service in each Rotarian's personal, business and community life;
- Fourth :** The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## Song of the Day

### IN MY LIFE

*The Beatles*

There are places I'll remember  
All my life, though some have changed  
Some forever, not for better  
Some have gone and some remain  
All these places have their moments  
With lovers and friends I still can recall  
Some are dead and some are living  
In my life, I've loved them all

But of all these friends and lovers  
There is no one compares with you  
And these memories lose their meaning  
When I think of love as something new  
Though I know I'll never lose affection  
For people and things that went before  
I know I'll often stop and think about them  
In my life, I love you more

Though I know I'll never lose affection  
For people and things that went before  
I know I'll often stop and think about them  
In my life, I love you more  
In my life-- I love you more

## **Rotary Notes**

**PP Benny P. De Guzman**

PRID Raffy and PP Peping were asking why I had not column last week. Sick leave ako and to make up, the week before, I had a column but there was no Tinig as it was the PNP Awards Night and the Tinig group said there was no need as there was no program in the first place. The real reason was I was on sick leave and could not even type.

The three weeks that PFB Chito Bernardo attended, were part of the about the 5 weeks that PP Peping was absent. Last week, PP Peping and PPA Bella celebrated their 67<sup>th</sup> wedding anniversary. Quite a milestone. I believe that PP Totoy and PP Esto are also past their 60<sup>th</sup> year of wedded bliss. Isn't this enough reason why a meeting honoring them with our ARAP members joining in a nice fellowship?

This is the longest period our Amboy PP Ferd has been out of the club. Waiting for a Trump comeback?

Baby Rtn Dante was urging members to join them in a very successful Medical and Dental mission at Ilugin with our Pasig PNP as major partners. Our 2 active doctors, Dr. Jess and Dr. Ato led the medical team with some doctors from Medical City. Our generous Rtn Anson donated the food package. I want to go but I was still under the weather and I have a Never On A Sunday motto on joining activities.

When Dr. Jess asked for donations for an indigent patient who has been helping him, I am proud to note that ARAP, on short notice, gave a good amount. Matatapos na Rotary Year, we have not yet honored our ARAP.

Pres Bong wanted to honor PP Sonny for a posthumous award.

### *Continuation 1.*

Well, the granddaughter of Sonny graduated with a neuro science degree in a famous university in St. Louis, Missouri as summa cum laude. Of course Nene, the proud lola and spouse of Sonny attended.

I remember the apo of PP Tito won gold for the country in an Asian tilt. Achievements os apos are worthwhile honoring.

A supplementary award was thought of by our club to hone last week the police officers who won the the second year the Chony Gimenez Awards. Very good idea but walang good planning. Our very own Rtn Roman Arugay was not informed, attendance was not drummed up and the result? A little over 20 attended. The members did not mix up with the awardees. One of the junior officer awarded is the younger brother of the present PNP Chief Acorda.

Our sister club, Rotary Club of Ortigas Center will host the District Awards Night this June. Our republic of Pasig should show support for a good project by participation.

We must congratulate the effort of the Pangkat last week who tried to make a Community Singing a unique one. It was unique for efforts but basically pasado naman. Mas maganda sana to try that again.

There are two Balut Kings in our club. Rtn Albert is so generous with his high class balut. And the other? Siya pinakamabilis magbalot ng balut pag serve. Steaming hot pa naka safety na. Not a big quantity but just a handful of balut pa din. Puede naman umorder. There is a danger though in ordering baka magbabayad kayo. Order kasi. But the quality is so good, hindi nakakahiyang pang regalo. Look at Albert, panay regalo sa atin. Kasi good and Albert is good.

## EXCITEMENT BUILDS FOR MELBOURNE

The 2023 Rotary International convention will offer endless inspiration for the year to come.

Rotary will hold its annual convention in Melbourne, Victoria, Australia next week. Rotary members and guests will gather in Australia's second-most-populous city from 27-31 May to Imagine What's Next for Rotary and for themselves.

With electrifying speakers, powerful breakout sessions, and more than 200 booths in the House of Friendship, the convention will offer endless inspiration for the year to come.

Rotary International President Jennifer Jones said the convention will be a chance to both look back and think ahead: to share stories of the past year's triumphs and get excited about new possibilities.

"We are looking forward to welcoming so many of you from across the globe to come and celebrate the great stories of what we've all accomplished together during this year," Jones said. She called for attendees to "imagine transformation," saying, "We transform ourselves from year to year. We don't change – we become better. We're going to celebrate what's next."

At the Melbourne Convention and Exhibition Centre, Rotary's people of action will discover new perspectives, challenge themselves, and inspire each other. They'll address causes important to Rotary like protecting the environment, eradicating

polio, advancing literacy, strengthening communities, and promoting peace. Most of all, they'll experience what it feels like to belong to an organization with 1.4 million members worldwide.

## Convention highlights

World-class speakers will include:

- Leymah Gbowee, 2011 Nobel Peace Laureate and founder of Gbowee Peace Foundation Africa
- Nakeeyat Dramani Sam, a 10-year-old climate change activist and poet
- Kari Aina Eik, who's led numerous programs to meet global environmental targets and helped shape the United Nations' Sustainable Development Goals
- Chantal Vallée, the first woman in basketball history to be named as both head coach and general manager of a men's professional team

Download the [Rotary Events app](#) for a guide to each day's activities, and follow the convention on [Facebook](#).

In the House of Friendship, attendees can meet Rotary members from around the world while exploring exhibits like a Peace Park, sponsored by the Rotary Action Group for Peace, which includes a community conversation space and a "peace portal." The portal will allow visitors to videoconference with peacebuilders in different parts of the world. There's also the Interact60 booth, which celebrates the youth program's 60th anniversary.

*Continuation 2.*

The convention will showcase how Rotary is protecting the environment – Rotary's latest area of focus. Breakout panels will address such issues as plastic waste, water pollution, and the value of plant-rich diets. By using the convention app, attendees can eliminate paper waste from printed programs and schedules. Melbourne's excellent public transportation system will reduce emissions by making it easy for attendees to get around without cars. Plant-based and meatless options will be included in menus, and water coolers will be provided throughout the venue to minimize single-use plastics.

Attendees can also enjoy ticketed events organized by local clubs. They include a visit to the Melbourne Museum, a trip to an Australian rules football match, and a food packing event in Melbourne's Federation Square. Volunteers will aim to pack 100,000 meals to be sent to countries in need.

Register for the 2024 Convention in Singapore in the House of Friendship. Those who register during the convention will enjoy a special reduced rate. Drop by the booth for more information about this incredible destination.

Register for the 2023 Rotary International convention.

### **JUDGE RAUL CANO PANGALANGAN**

Raul Cano Pangalangan is a Filipino lawyer, and a retired judge of the International Criminal Court, a former dean of the University of the Philippines College of Law and was the publisher of the Philippine Daily Inquirer.

In 2015, he was elected Judge at the International Criminal Court (ICC), The Hague, The Netherlands. He served as President of the Trial Division and was Presiding Judge in the very first ICC case involving the war crime of attacking cultural and religious heritage in Timbuktu, Mali. He sat in a case involving alleged child soldiers and forced marriages in Northern Uganda. He has also sat ad hoc in Appeals Chambers which came out with the historic decision that ruled that murder, rape, and sexual slavery are war crimes or crimes against humanity. While he was scheduled to serve until 10 March 2021, he remained in office until 16 May 2021 to finish ongoing proceedings in accordance with paragraph 10, article 36 of the Rome Statute.

Professor Pangalangan received his A.B. cum laude (1978) and LL.B. (1983) from the University of the Philippines, and his LL.M. (1986) and S.J.D. (1990) from the Harvard Law School, where he won the Laylin Prize for best paper in public international law for his LL.M. thesis and the Sumner Prize for

best thesis on issues relating to international peace for his S.J.D. dissertation. He received the Diploma of The Hague Academy of International Law in 1987.

Professor Pangalangan joined the faculty of the UP Law in 1984. He teaches Constitutional Law, Public International Law, Human Rights. He was appointed Bar Examiner in Political and International Law for the 1992 Bar.

He has held visiting appointments at the Harvard Law School, Hong Kong University, and Melbourne University. He has at The Hague Academy of International Law, where he had earlier served as Director of Studies. He has also lectured inter alia at the Irish Centre for Human Rights; Japan Society of International Law; Thessaloniki Institute of International Public Law; Salzburg Seminar on International Criminal Law, Humanitarian Law and Human Rights Law; the International Nuremberg Principles Academy; and the Siracusa International Institute for Criminal Justice and Human Rights; and the International Committee of the Red Cross. He was the Vice President and now sits as a Member of the Executive Council of the Asian Society of International Law

He has argued before the Philippine Supreme Court in leading constitutional and international law cases. He has sat on various Supreme Court committees, e.g., to revise the rules on recognition and enforcement of foreign judgments, on legal education and on bar examination reform, and also teaches in the Philippine Judicial Academy, the official training institute for all judges.

## MORE FASCINATING FACTS ABOUT THE FOOD WE EAT

1. Of all the food produced in the world every year, about 50% ends up in the garbage. Instead of being part of the problem, ask your restaurant to let you take leftovers home, check the expiration date on products in your fridge and always put food less food on your plate than you think you'll eat.
2. Did you know that Eskimos use refrigerators too? However, they use them to make sure the food doesn't freeze.
3. Soft drinks are notoriously bad for you. They ruin your teeth, overload your system with sugar and are even linked to loss of bone density.
4. In Brazil, peas are one of the most popular pizza toppings. In India, people eat pizza with ginger, in Pakistan with curry and the Japanese love it with seafood and mayo.
5. 70% of olive oil sold in the world is actually a blend of oils, and olive oil is not even the main ingredient in many of them.
6. Tea bags were invented by mistake. The first teabag was created to offer samples of tea to potential buyers.
7. In the past, chocolate was considered to be such a rare luxury that it was used as a form of currency by wealthy Aztecs in South America.

8. If you use soy sauce for cooking, you are probably getting too much sodium in your diet. Soy sauce (even the low-sodium kind) is often packed full of salts which can damage your liver and raise your blood pressure level.
9. Everyone knows that citrus fruits are excellent source of vitamin C, but did you know that broccoli has double the amount of it than oranges?
10. The invention of popsicle is attributed to an 11-year-old boy named Frank Epperson. The story claims that Frank forgot a glass of juice with a stirring stick on his porch on a cold night, only to discover the following morning that he had invented the popsicle.
11. The plain cucumber is your fridge is much more complex than you think. From a botanical perspective, it is a fruit and from a culinary perspective, it is a vegetable. It's comprised of 96% water, has a very low caloric value as well a healthy levels of potassium, vitamins and antioxidants, most of which can be found in its skin.
12. In most advertisements for milk, the white liquid you see is actually thinned-down white paint.

### **Rotary Club of Pasig Recognizes Pasig Police Force with Prestigious Award**

The Rotary Club of Pasig recently held its annual award ceremony to honor the exemplary service of the Pasig Police force. The award, known as the "Pagpupugay sa Kabayanihan ng Pasig Pulis" or The Ignacio B. Gimenez Awards, is a highly esteemed recognition presented by the Rotary Club of Pasig to the Philippine National Police. Named after the main benefactor, Rotarian Ignacio "Chony" Gimenez, this award signifies the club's deep appreciation for the dedicated efforts of the police force.

On May 4, 2023, the second edition of the award ceremony took place at the Tanghalang Rizal Auditorium in Rizal High School, Pasig City. The event marked the continuation of an annual tradition that aims to acknowledge the outstanding contributions of the Pasig Police force. The ceremony was attended by notable individuals, including Rotarian Ignacio B. Gimenez, who expressed his unwavering commitment to supporting the awards as long as possible. Distinguished guests such as Past Rotary International Director Raffy Garcia III, Zone 6 Presidents from District 3800, and esteemed figures like Rotarian and Honorable Congressman Roman Romulo, Pasig Rotarian and Honorable Vice Mayor Dodot Jaworski, Regional Director of the National Capital Region Police Office PMGen Edgar Allan O. Okubo and his Command Staff, District

Director of the Eastern Police District PBGen Wilson C. Asueta and his Command Staff, Regional Operations Director and Fellow Rotarian Police Colonel Roman Arugay, and the Chief of Police of the City of Pasig Colonel Sacro also graced the event, further emphasizing the significance of the occasion.

This year's awards received an overwhelming response, with a total of 65 nominees participating. Remarkably, all nominees were automatically declared winners, receiving a cash prize of 5,000 pesos and a direct selling starter pack to support their own self-sustaining livelihoods. The Rotary Club of Pasig's gesture not only recognizes the bravery and dedication of the Pasig Police force but also strives to empower individuals by providing them with the means to establish independent sources of income.

From April 18 to 20, 2023, a group of 16 dedicated Pasig Rotarians meticulously interviewed each nominee, ensuring a fair and comprehensive evaluation process. The selection criteria included commitment to public interest, professionalism, justness and sincerity, responsiveness to the public, nationalism and patriotism, commitment to democracy and the rule of law, and a simple living approach.

During the award ceremony, a total of 26 awards were presented to deserving individuals. Among these recipients were 20 exemplary service awardees, who received a cash prize of 25,000 pesos and a trophy as a token of recognition for their exceptional dedication. Additionally, three outstanding

awardees were honored with a cash prize of 30,000 pesos and trophies, while three unit awards were given, amounting to 30,000 pesos' worth of office equipment of their choice.

Five awardees received special recognition for consistently demonstrating outstanding performance throughout the years, setting a benchmark of excellence for their peers. One notable addition to this year's awards was the introduction of the "Gawad ng Matapat na Paglilingkod," a special recognition highlighting honesty and integrity. This award further emphasizes the Rotary Club of Pasig's commitment to upholding the highest moral and ethical standards.

The awardees expressed that the recognition they received holds greater value than the monetary reward itself. The acknowledgement of their efforts serves as a significant morale boost, a source of pride for their families and fellow officers. They find solace in the realization that their sacrifices are truly appreciated. The awardees also hope that their achievements will inspire others to follow in their footsteps, setting winning the Ignacio B. Gimenez Awards as a goal for the future.

## The Best Offering for God

As far as anthropology and philosophy is concerned, man is defined according to many perspectives. According to Aristotle, man is a rational animal, a homo sapiens (thinking man) to be precise. Also, man is religious. Even anthropologists and archeologists can testify to it, considering the many discovered ancient burial grounds and mummies that point to a belief in the afterlife, that there's a God Who is the ultimate end of man. Thus, we human beings worship God in so many ways and different expressions according to the religion we belong to.

Whatever religion we belong, we worship God in a variety of ways. To some, listening to preaching of a minister with live charismatic band. Some attend Mass while others do devotionals like the Wednesday Baclaran Devotion (Devotion to Our Mother of Perpetual Help). And some gather in a worship venue and simply kneel down in silence while they listen to the preaching of their prayer leader. These may be perceived as acts of sacrifices for God. But is God contented with these sacrifices?

I do not wish to belittle those acts of sacrifices or worship expressions. But I believe that what's more important is living out the value and principles brought about by worshiping God in different expressions. There's more to it than simply celebrating worship - it is living out or translating the meaning

# Wheat not Weeds

By: Rtn. Fr. Kell Ortega

## *Continuation 1.*

of worship or sacrifice to God in action. According 1 Samuel 15:22, “Does the Lord delight in burnt offerings and sacrifices as much as in obedience to the Lord’s command? Obedience is better than sacrifice, to listen, better than the fat of rams.”

Thus, the best sacrifice or worship we offer to God is living out the virtues that God asks of us like being compassionate to the needy, forgiving to those who have done us wrong, and being transparent and accountable for every treasure or valuable entrusted to us. In this way, we worship God without being hypocrites to others and to ourselves. Let us, then, become whom we worship.
