LUXID ROTARY

Microfinance & Credit Cooperative

ABOUT US

The Luxid Foundation is an organization of members from the different batches of the Ateneo De Manila University, 1959, 1963, and 1967, united to help alleviate poverty among underprivileged people.

The Rotary Club of Pasig is one of the biggest clubs in the country, and is respected and consistent in its service to the Pasig community and to the country in general.

The Luxid Foundation and the Rotary Club of Pasig formed an alliance in 2017 to create the LUXID ROTARY Microfinance & Credit Cooperative.

FRANCISCO "TOPAX" COLAYCO is the Chairman of the Board of LUXID Rotary Microfinance and Credit Cooperative, holds a Masters degree in Business Management (MBM) from the Ateneo de Manila University. He also holds a Ph.D. (Honoris Causa) in Humanities awarded by the National University of the Philippines.

FJC is an entrepreneur, a venture developer and the pioneer in promoting personal finance in the Philippines. He is the author of the "Wealth Within Your Reach" series, the award winning and biggest Filipino best sellers on personal finance and the leading advocate of the personal financial literacy movement in the Philippines.

FJC has over 50 years' experience as a consultant, a professional manager and business owner in the fields of Manufacturing and Marketing, Shipbuilding, Specialty and Pressure Vessel Fabrications, Banking, Financial Services & Real Estate Development. He is the Chairman and Founder of the Colayco Foundation for Education, Inc. (CFE).

FJC is currently the Chairman & CEO of AulumDev Ventures Corporation (AulumDev), and up to March of 2023 was Chairman of One Wealthy Nation Bank (OWN Bank), formerly, the Rural Bank of Cavite City.

Today, FJC is an active ventures advisor and investor in health services. He is engaged in joint venture consulting and specialty trading such as diesel and medical supplies. He is Chairman of The Health Network (THN), an out patient facility with diagnostics, pharmacy and doctors' offices based in Marilao and Guiguinto, Bulacan.

APAT NA URIAN NG ROTARYO

ng mga bagay na ating iniisip, sinasabi o ginagawa:

1. Iyon ba ang **KATOTOHANAN**?
2. Iyon ba ay **MAKATARUNGAN** para sa lahat ng Kina-uukulan?
3. Iyon ba ay lilikha ng **MABUTING KALOOBAN at LALONG MATAPAT NA PAKIKIPAG-KAIBIGAN**?
4. Iyon ba ay magiging **KAPAKI-PAKINABANG** para sa lahat ng kina-uukulan?

Ang Layunin ng Rotaryo

Ang layunin ng Rotaryo ay **“PASIGLAHIN AT IPUNLA ANG SIMULAIN NG PAGLILINGKOD BILANG BATAYAN NG ISANG GAWAIN KARAPAT-DAPAT** at lalo’t higit pasiglahin at ipunla:

1. Ang pagpapaunlad ng pagsasama bilang pagkakataon sa paglilingkod.
2. Ang mataas na uri ng tuntunin sa pangangalakal at sa hanapbuhay, ang pagkilala sa kahalagahan ng gawain kapakipakinabang at ang pagbibigay dangal ng bawa’t Rotaryo sa kanyang hanapbuhay bilang pagkakataon upang makapaglilingkod sa lipunan.
3. Ang pagsasakatuparan sa simulain ng paglilingkod sa bawa’t Rotaryo sa kanyang pansarili, pangkabuhayan at panglipunang pamumuhay.
4. Ang pag-unlad ng pagkakaunawaan, mabubuting kalooban at kapayapaan ng mga bansa sa pamamagitan ng isang pang-daigdig na kapatiran ng mga propesyonal na nabubuklod sa simulain ng paglilingkod.

Song of the Day

Bayan Ko

Ang bayan kong Pilipinas
Pugad ng buhaya at korap
Ang budget na sa kanilang palad
Nag laho na parang bula

At saka sakiman nila
Tayo ay binabahala
Bayan ko, binihag ka
Nang mga walanghiya

Iyon may malayang lumipad
Kinurakot na at gumayak
Bayad na lahat ng sa salungat
kaya ngaun sila'y naka labas

Pilipinas kong kinukutya
naka upo na puro salita
Aking adhika
Sa korapsyon makalaya

Gabay sa Estudyante: A Call to Protect the Youth from the Dangers of Vaping

The Rotary Club of Pasig, in partnership with the Philippine Ambulatory Pediatric Association, held “Gabay sa Estudyante” last October 17, 2025, at Rizal High School. The seminar aimed to guide students toward making healthier life choices by raising awareness about the dangers of vaping and drug use issues that are silently endangering the health of our youth.

Vaping has become a rising concern in the Philippines. Originally promoted as a safer alternative to cigarettes, it has evolved into a trend among teenagers. What many do not realize is that one vape pod can contain as much nicotine as 20 traditional cigarettes sometimes even more. This means that vaping can lead to faster addiction, greater dependency, and more severe long-term health effects. Behind its fruity flavors and trendy image lies a serious threat to brain development, heart health, and the lungs of young users.

Leadership plays a crucial role in this battle. When young people see adults vaping or when government allows vape shops to operate freely without strict warnings they assume it’s acceptable. As Rotarians, we can take an active stance in creating awareness, starting within our own families and circles. By discouraging vaping at home and sharing facts about its dangers, we lead by example and help break the cycle of misinformation.

From the President

Pres. Roy Quejada

Continuation 1.

As I observed the students during the seminar, many listened attentively but some appeared detached, as if danger had become ordinary. Perhaps the small number of reported vaping-related deaths isn't enough to alarm them or maybe the danger feels too distant to be real.

If this is the kind of response we're seeing today, then we may be facing even greater health challenges in the near future.

The government must enforce stricter regulations on vaping. At the same time, we, as adults and leaders, have a responsibility to stop normalizing the habit. Taking action now is the clearest way to show our genuine concern for the health and future of the younger generations.

Rotary Notes

PP Benny P. De Guzman

My Rotary Notes will be a recognition column for truly outstanding achievements of our great leaders in Rotary and the community. Foremost is when PRIP Holger Knaack and spouse Suzanne who visited as Chair of The Rotary Foundation for the 2025 Million Dollar Endowment/Major Gift Legacy Night of RI Zone 10A held at The Peninsula Hotel last Sunday. PRID Raffy was honored with a Chair Membership of Arch Klumph Society where his son PP Ramy and son-in-law PP Nick are members already.

In community service, CM/PP Peping and spouse Bella were honored by the Barrio Kapitolyo Council for outstanding contribution as second Barangay Captain in the early 60's and for engineering services to the construction of the Holy Family Parish Church and the Barangay Hall. Peping's Bella, one of the famous Zita ladies of the mid 50's, a papal awardee herself to assist in the community involvements and church activities. Their Junior, a bemedalled general called Jolly, a charter member of their 3 years old Rotary club in Makati District 3830 is more than jolly as a charter member of the club of mostly young accomplished ladies. No Pasig Rotarian however will be allowed to transfer. You may on be a visiting Rotarian. Jolly was also honored for his role as battalion commander in the fight in Cotabato, Mindanao. Truly bemedalled, Jolly is married to the daughter of CM/PP Kati de Los Reyes, the only known children of charter members who intermarried. Katie's daughter JoReina is twice a junior. Jo from her late mother and Reina from Katie's family name, De Los Reyes. I think the late PP Justo Manalo was with PP Peping in the early days of Barrio

Kapitolyo. (I started there too as I thought I will not get out of the great Unilab then as I built our house from our gate to the gate of Unilab.)

One generous giver is our remarkable super Rotarian Flor. He and spouse Baby gave a generous amount of 5K each to 50 families, all victims of the Bogo, Cebu earthquake. Flor is known for giving Christmas gift of 1K to every indigent patient at Rizal Medical Center every Christmas.

As we are all scared of the great one, the feared major earthquake after the Cebu and Davao great ones, we should remember the precautions always repeated if such eventuality will come. Wag sana!

We end our column with sad notes too. The Ermitas, within a 3 week period, lost 3 of the brothers of our late HOF/PP Rhett. In a day's time, both to illnesses, former Executive Secretary Ed at 90 died and within hours after, an older brother, a doctor died. 3 weeks before, another brother died. Wala Ng Ermita. Malate na lang. You did not get my corny joke? And to PP Henry, our condolences for your mom Felisa's passing.

Rotary projects around the globe October 2025

Rotary members and their partners in service come together each World Polio Day on 24 October to recognize progress in the fight to end the disease. Here is a sample of the ways members are taking action to make history and eradicate polio.

United States

In support of polio eradication, Ralph Zuke has raised more than \$57,000 by pedaling his rickshaw bicycle from his Missouri home to recent Rotary International Conventions in North America: Toronto in 2018, Houston in 2022, and Calgary this year, a journey in which he braved hail, sleet, and snow, and even skirted a tornado. His next opportunity will be at the 2028 convention in Minneapolis. "If it's needed," Zuke adds, optimistically. "I hope we'll be done with polio by then." As governor of District 6060, Zuke rolls out the rickshaw for parades and on his rounds to clubs. "It allows me to tell my passengers about polio, Rotary, and what Rotary has done for polio. It's a captive audience for a couple minutes. That's all they need," says Zuke. "If they donate, that's great. If they don't, that's fine too, but at least they know the story of what Rotary's done with polio."

Canada

The annual Pub N Paint event by the Rotary Club of Edmonton Whyte Avenue raises money each November to fight polio. The Alberta club's regular meeting venue, the Rooster Kitchen, hosts the event. "I do a little spiel about the state of polio and

Rotary’s role in eradication,” says Stan Bissell, a past president of the club who inaugurated the project. It’s not unusual for visitors to remark how little they know about polio, he says. “We talk about it so much in Rotary, but people don’t know and think it’s a disease of the past.” After his presentation, an art teacher distributes blank canvases and brushes, guiding Rotarians and guests in replicating landscapes such as Edmonton’s cityscape and a mountain range. “There are some very talented people” among the club’s members, reports Bissell. “But it’s variable — mine is in the garage.”

Italy

There may be no better way to spotlight (literally!) polio awareness than through the can’t-miss illuminations of global landmarks. Those monuments have included the Sydney Opera House, London’s Houses of Parliament, Rome’s Colosseum, the Egyptian pyramids, Scottish castles, and more. For World Polio Day 2024, the Rotary and Rotaract clubs in the Pisa area teamed up with community leaders to turn the floodlights on the Leaning Tower of Pisa. “This is a commitment that we wanted to share together precisely to reach a wider audience,” the club presidents noted in a statement. They’ve showcased historic buildings for about 25 years and the city’s signature tower over the past five. The clubs also had a video about polio eradication shown on monitors at the Pisa Airport.

Ghana

In the port city of Tema, more than 300 Rotarians, Rotaractors, and partners stepped out in October 2024 for a twilight World Polio Day walk. A campaign surrounding the action included a “polio tower” lighted for the occasion, signage, and a sea of End

Polio Now T-shirts donned by participants. The Rotary Club of Tema-Community 25 led the effort, which was supported by the Rotary clubs of Tema and Tema Meridian, as well as the Ghana PolioPlus Committee. The involvement of 25 Rotaract and Interact clubs contributed to the sizable turnout, says club member Elizabeth Ahiagba. “Participants distributed educational materials, engaged commuters and residents, and advocated for vigilance, particularly among families with young children,” Ahiagba says.

India

For World Polio Day 2024, more than 1,200 young people hoisted placards as they lined up in formation to spell out “Polio Free Bharat” (India) when viewed from above. Students performed traditional dances and skits during a program at the community sports complex of Dwarka, a neighborhood of New Delhi. The day concluded with a spirited rally. “There was a huge response from the public and youths, including members of Rotaract and Interact clubs,” says Mahesh Trikha, then governor of District 3011. The district has sponsored similar gatherings for about a decade.

AI + EQ

AI and Emotional Intelligence (EQ) are increasingly intersecting, reshaping how machines interact with humans. Traditionally, AI was seen as purely logical, but advancements in affective computing allow AI to recognize and respond to emotions.

Here's how AI is evolving in the realm of EQ:

- Emotion Recognition:** AI can analyze facial expressions, voice tones, and body postures to detect emotions.
- Empathy in AI:** Some AI systems are designed to provide emotional support, such as chatbots for mental health.
- Workplace Applications:** AI is being used to enhance leadership and communication by helping individuals improve their emotional intelligence.
- Human-AI Collaboration:** AI is being trained to better understand human emotions, making interactions more natural and engaging.
- While AI is making strides in emotional intelligence, true empathy and deep emotional understanding remain uniquely human.**

AI Governance

Governing with Artificial Intelligence
The State of Play and Key Trends in Civil Government Initiatives

The Role of AI in Digital Government

Key Context

- Governments are accelerating digital transformation post-COVID, but challenges remain (skills, data, legacy systems).
- AI offers opportunities to enhance **productivity, responsiveness, and accountability** in public services.
- Applications: automation, anomaly detection, decision support, predictive analytics, and personalised services.

Current Gap

- AI adoption in government **lags behind the private sector** due to complex governance, risk sensitivity and infrastructure constraints.

Is AI taking over our jobs?

HOW THE TECHNOLOGICAL REVOLUTION IS SHAPING LABOR MARKETS

- 1ST REVOLUTION**
Automation of simple tasks

- 2ND REVOLUTION**
Automation of routine tasks
20th century
- 3RD REVOLUTION**
Automation of complex tasks

- 4TH REVOLUTION**
Automation of creative tasks
22nd century

The 4th Revolution reshaped the global workforce.

THE FUTURE OF WORK WHICH JOBS WILL AI TAKE OVER?

HIGH-RISK JOBS
LOW-RISK JOBS

AI distances high-risk jobs and demands updating for medium-low risk jobs.

AI REPLACING JOBS STATISTICS

3.75 million workers will need to change careers due to AI by 2030.

7.5 million jobs with jobs will disappear by 2031.

AI is expected to create jobs worth up to **\$80,000**.

AI is expected to create jobs worth up to **\$15.7** million annually by 2031.

Key Takeaway

AI is accelerating work change – by 2030, 70% of the skills used in most jobs will change. 80% of C-suite executives believe AI will kickstart a culture shift where teams are more innovative. Leaders must lead from the front as they embed AI into operations and processes.

Artificial intelligence, machine learning, and deep learning technologies have entered the mainstream; they are being adopted by enterprises all over the world. While these technologies certainly hold the potential to vastly improve the quality of operations in the corporate sector, they also stand to disrupt many existing markets.

Being Corrupted by Satan

And no wonder, for even Satan disguises himself as an angel of light (2 Cor. 11:14).

In a few days, our kids will celebrate Halloween they will walk the streets dressed in their favorite anime or cartoon, or their parents' favorite villainous characters like Dracula or Frankenstein. But is it worth celebrating happily?

I'm sorry to burst your bubbles but the secular celebration of Halloween has a satanic or demonic nature. In fact, the late founder and high priest of the Church of Satan, Anton S. LaVey, once said, "I'm glad that Christian parents let their children worship the devil at least one night out of the year (https://www.azquotes.com/author/17634Anton_Szandor_LaVey)."

Of course, he was referring to Halloween Eve which, of course, the only event that is being celebrated on an evening annually in the calendar. So, any parent who let their children celebrate Halloween in horrific costumes allows them to subtly worship Satan. This is one of the ways Satan or the Devil deceives people especially children.

So, let's not allow our children or grandchildren to celebrate Halloween in horrific clothes on October 31 even if the prize is more than Php 5,000.00 for best costume whenever there's an organized event. But if you enrolled or enlisted them to join beforehand, at least dress them with superheroes costumes (e.g. Batman and Spiderman) because these are personifications of human virtues. Let's make our children happy, then, next week by not celebrating Halloween but "Holy-Win".
