Microfinance & Credit Cooperative

ABOUT US

The Luxid Foundation is an organization of members from the different batches of the Ateneo De Manila University, 1959, 1963, and 1967, united to help alleviate poverty among underprivileged people.

The Rotary Club of Pasig is one of the biggest clubs in the country, and is respected and consistent in its service to the Pasig community and to the country in general.

The Luxid Foundation and the Rotary Club of Pasig formed an alliance in 2017 to create the LUXID ROTARY Microfinance & Credit Cooperative.

FRANCISCO "TOPAX" COLAYCO is the Chairman of the Board of LUXID Rotary Microfinance and Credit Cooperative, holds a Masters degree in Business Management (MBM) from the Ateneo de Manila University. He also holds a Ph.D. (Honoris Causa) in Humanities awarded by the National University of the Philippines.

FJC is an entrepreneur, a venture developer and the pioneer in promoting personal finance in the Philippines. He is the author of the "Wealth Within Your Reach" series, the award winning and biggest Filipino best sellers on personal finance and the leading advocate of the personal financial literacy movement in the Philippines.

FJC has over 50 years' experience as a consultant, a professional manager and business owner in the fields of Manufacturing and Marketing, Shipbuilding, Specialty and Pressure Vessel Fabrications, Banking, Financial Services & Real Estate Development. He is the Chairman and Founder of the Colayco Foundation for Education, Inc. (CFE).

FJC is currently the Chairman & CEO of AulumDev Ventures Corporation (AulumDev), and up to March of 2023 was Chairman of One Wealthy Nation Bank (OWN Bank), formerly, the Rural Bank of Cavite City.

Today, FJC is an active ventures advisor and investor in health services. He is engaged in joint venture consulting and specialty trading such as diesel and medical supplies. He is Chairman of The Health Network (THN), an out patient facility with diagnostics, pharmacy and doctors' offices based in Marilao and Guiguinto, Bulacan.

Invocation

Heavenly Father, as we continue to face crises that challenge even how we view family, we humbly ask You to bless and guide us always so we won't be led astray from the path towards You, so we will obey only Your Most Holy Will and not our own selfishness and pride and so we will acknowledge You always as God and nobody and nothing else. This we ask through Christ Our Lord.

Amen.

4. Ang pag-unlad ng pagkakaunawaan, mabubuting kalooban at kapayapaan ng mga bansa sa pamamagitan ng isang pang-daigdig na kapatiran ng mga propesyonal na nabubuklod sa simulain ng paglilingkod.

Song of the Day

MY ROTARY DAY

(Adapted from "Beautiful Sunday")

Thursday morning, I'm up and about
I think I'll take a walk in the park
Hey, hey, hey, it's a wonderful day

I've got someone waiting for me
When I see him I know that he'll say
Hey, hey, hey, it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

Birds are singing, you by my side
Let's take a car and go for a ride
Hey, hey, hey, it's our Rotary day
We'll drive on and follow the sun
Makin' Thursday go on and on
Hey, hey, hey, it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

From the President

Pres. Jun Zafra

**“Coming together is a beginning,
Keeping together is progress,
Working together is success.”
- Henry Ford**

“We welcome our new Rotary Year 2026-2027 full of enthusiasm as exemplified during the 3-year Strategic Planning attended by our officers and members of the board last May 30, 2026. It was a whole day session where everyone presented their plans for this coming Rotary year.

Please allow me to congratulate the team of IPP Roy for a job well done under the theme **“Unite For Good”**. A very tough act to follow. These were made possible with your support, the Noble Men of Rotary Club of Pasig.

"Create Lasting Impact" Our theme for the year is not just a slogan - it's our commitment. One thing we can be proud of is that our projects are sustainable, community driven and have multiplier effects – that's how we create lasting change. Our continuing legacy projects are in consonance with Rotary International **“Seven Areas of Focus”**. All we need is your active participation not only your attendance on our regular club meetings but also in joining our service projects implementation and enjoying with our fellow Rotarians during our fellowship activities.

Today as we conduct our first meeting and club assembly, we will present to you our plans and programs for this Rotary Year.

From the President

Pres. Jun Zafra

Continuation 1.

We want you to take a closer look where we put your names in different working committees. I am a strong believer that each one of us has a role to play in all of our club and district activities. Let us come together, keep together and work together. **"Let's Create Lasting Impact"** in the community we served.

Jun C. Zafra

High Impact President

Rotary Notes

PP Benny P. De Guzman

Tinig welcomes a new Rotary Year with High Impact as we congratulate PRiD Raffy and his family for the generosity he gave to our Club and RI. Many sent their congratulatory messages but the single that says it all came from PP Henry, "A Blessed and Beautiful Bountiful thank you to PRID Raffy & Minda Garcia and Family! Your contribution to Rotary is a monumental grace and honor to RC Pasig and to the whole world of Rotary! May the good Lord continue to bless you more as your deed symbolizes a great beacon of light for many Rotarians to emulate and to follow." This expresses the salutations of all Pasig Rotarians. Remember, aside from his family being sustaining members of the renown AKS, PRID Raffy also singly paid for the renovation of the Paul Harris Room in Rotary Center in Chicago. Even if the others in the district may see this, our PRID Raffy is very ripe to change PRID to RIPE, to make Raffy the second Filipino to be the president of RIPE Tayo for Raffy

Second major congratulations for a great Rotary Year to IPP Roy that even his last meeting was better attended than any of his regular meetings. I am truly grateful for my award for this column but bonus for this meeting and next, may Impact President Jun make the needed replacement for me? Tagal nang ginagawa ko column ko, I deserve a break. PP Vic A., or PP Celso are eager to take over. I hope lang naman!

For better impact, let us concentrate on regular attendance to our regular meetings. When you absent yourself, you deny the chance for fellowship with others.

Rotary Notes

it was a nice chance for the defense of classification for Rtn Shaquille and know more about him. The wiser talk of PP Bert also was a revelation. Imagine his sponsor pala was the late PP Rody Cruz. You cannot talk about our club without mention of Rody whether favorable or not. Since he is already in the Great Beyond, only favorable ones will be proper. Like, good dead na siya.

When I see the number of Jun as our new president, I suddenly realized that as 14th president, I am the most senior PP in our club today. 13 presidents before me? Yes but only 12 have gone to the Great Beyond. CM/PP Kati de los Reyes quit the club when as a widower, he decided to take a second wife and knowing the closeness of our members to their spouses, decided to get out. CMs/PPs Kati and Peping are the only magbalae in our club, with Peping's son marrying Kati's daughter. Even in the 70th wedding anniversary of Peping and Bella, Kati was conveniently absent. And in her nonagenarian years, Bella's change of battery of her pacemaker last week was a deep concern of Peping. Incidentally, Peping was not around in the last meeting of IPP Roy. Unusual. Peping wanted to join us in our Sunday mass also here at VVCC as it is very convenient. 11:30 am, air-conditioned even for sinners.

Today is Araw ng Pasig but a high impact meeting of Pres Jun even prior to his formal induction is more important. Why is our formal induction not on a Thursday? So, no meeting on the Thursday before, the 19th?

Reminder for Pres Jun's board, a Good Memorial Day and a PP Totoy Bartholome's Day as he will reach his 100th birthday this September.

Rotary International Convention opens in Taipei

Global gathering welcomes Rotary members from 140 countries and is expected to generate NT\$1.578–1.735 billion in local economic impact.

TAIPEI (14 June 2026) — More than 37,000 Rotary members and participants from over 140 countries are gathering at Taipei Nangang Exhibition Center and the Taipei Dome from 13-17 June 2026 for the membership service organization’s annual international convention.

This marks the first time in 32 years that Taipei has hosted the Rotary International Convention, bringing together Rotary members from more than 140 countries for a highly meaningful occasion.

In his welcoming remarks at the opening ceremony during the morning session, President Lai Ching-te thanked Taiwan Rotary members for bringing the world to Taiwan. “Let’s work together to Do Good in the World. In our commitment to peace, public health, environmental sustainability, humanitarian aid, and beyond, Taiwan will continue to walk hand in hand with Rotarians worldwide. Together, we will foster a more connected world through goodwill, and shape the future through action.”

While addressing the afternoon session, Chiang Wan-an, the mayor of Taipei highlighted the close relationship that Taipei has forged with Rotary International over the years. “The Taipei

City Government places great importance to this convention,” he points out. “We have devoted significant resources, from convention promotion and venue preparation to local transportation support and enhanced security measures, to ensure that every international visitor to Taipei can feel our most sincere welcome and experience the most comprehensive service while they explore our city.”

This week, attendees will connect with one another and learn new ways to advance health, peace, and prosperity around the world. More than one hundred humanitarian projects will be on display at TaiNEX 1, giving a firsthand look at innovative, long-term solutions to the world’s most persistent challenges. Members and participants will also hear from a range of experts and world class speakers – including Nobel Peace Laureate Malala Yousafzai.

On Sunday, 14 June at the Taipei Dome, the convention will open with a flag presentation of the 200 countries and regions where Rotary clubs serve their communities. “Rotary conventions are powerful moments of unity, where people from every corner of the world come together to connect, celebrate service and exchange ideas for a healthier, more peaceful future,” said Rotary International President Francesco Arezzo. “We are proud to gather our global Rotary family in Taipei, and it is a pleasure to reconnect with old friends and make new ones as we celebrate the impact of our work in communities around the world.”

As one of the largest international association conventions ever

held in Taipei, the event is expected to inject NT\$1.578-1.735 billion into the local economy, and drive significant business for Taipei's hotels, restaurants, retailers, and tourism attractions.

Organized by Rotary International in conjunction with local Rotary members, the 2026 Rotary Convention Taipei is supported by multiple organizations in Taiwan, including Chunghwa Telecom, a Diamond-Level Official Sponsor. Both parties held an official signing ceremony on 10 June to mark their collaboration in supporting the convention.

As an Official Telecom Provider and Official Mobile App Sponsor, Chunghwa Telecom is delivering comprehensive telecommunications and digital connectivity services to support the convention. These services include high-speed broadband infrastructure, temporary landline services, eSIMs for Rotary International staff, mobile base station vehicles at the House of Friendship, and dedicated service counters to assist international attendees.

In addition, Chunghwa Telecom is supporting Rotary's humanitarian mission through the broadcast of Rotary public service videos on its MOD platform, helping extend Rotary's message of service, peace, and community impact to a broader audience across Taiwan.

Through its advanced ICT capabilities and commitment to ESG principles, Chunghwa Telecom is helping ensure a seamless convention experience while showcasing Taiwan's leadership in digital innovation, resilient communications, and sustainable development.

More than 100 employees from Chunghwa Telecom's Taipei Operations Branch participated in Rotary's "End Polio Now" 3K and 12.5K Charity Run on June 13, joining Rotary members from around the world in experiencing the vibrancy and energy of Taipei while supporting Rotary's global effort to eradicate polio.

Rotary members and international visitors from around the world will have an opportunity to enjoy Taipei's culture, food, and attractions. "Rotary members across Taiwan are proud to welcome our global family back to Taipei for the first time since the event was held here in 1994," said Rotary Host Organization Committee Chair Jackson Hsieh. "From welcome messages in 7,000 Taiwan Taxi cabs to thousands of volunteers at transportation hubs, hotels and other key locations around the city, we will ensure every guest feels at home in Taipei."

With the world's highest Rotary membership per capita among countries of more than 500,000 people, Taiwan stands out as a global leader in civic engagement. In 2024–2025, Taiwan ranked fourth globally in contributions to The Rotary Foundation – Rotary's philanthropy arm.

Taiwan's almost 40,000 Rotary members are engaged in a wide range of community service projects that bring science education programs to rural schools, support Indigenous communities through environment and vocational training, tackle e-waste through computer refurbishing and donation programs, provide meals and companionship to senior citizens, and much more.

Rotary members throughout the world develop and implement sustainable, community-driven projects that fight disease, promote peace, provide clean water, support education, help mothers and children, grow local economies and protect the environment. Over the last 100 years, US \$5.5 billion has been awarded through The Rotary Foundation – Rotary’s charitable arm that helps clubs work together to perform meaningful, impactful service.

The Power of One

How often do we underestimate the power of one? Perhaps, we have never given it much thought. I often forget just how relevant the power of one can truly be, until I remind myself of these truthful words. After all, it only takes one person to change the world.

One Tree – can start a forest

One Smile – can begin a friendship

One Hand – can lift a soul

One Word – can frame the goal

One Candle – can wipe out darkness

One Laugh – can conquer glooms

One Hope – can raise your spirits

One Touch – can show your care

One Life – can make the difference

Be that One Today

The Digital Balancing Act: Social Media, Politics, and the Pursuit of Truth in the Philippines.

In the Philippines, where social media penetration ranks among the highest in the world, platforms like Facebook, TikTok, and YouTube have transcended their role as mere communication tools. They have become the country's de facto public squares spaces where political campaigns are waged, historical narratives are contested, and collective opinions are forged in real time. Yet this digital empowerment arrives with a profound paradox. The same networks that connect communities and amplify marginalized voices also serve as high-speed conduits for disinformation, creating a political environment where truth is not merely debated, but deliberately engineered.

There is no denying the democratic potential of social media in the Philippines. It has democratized political participation, allowing citizens to bypass traditional gatekeepers, organize grassroots movements, and hold power to account with unprecedented speed. However, this openness is precisely what makes the ecosystem vulnerable. Political actors have mastered the art of converting these platforms into precision propaganda tools. Coordinated networks, emotional manipulation, and algorithmic amplification have transformed the digital feed from a marketplace of ideas into a battlefield of perception. What begins as a tool for connection can quickly become a machinery for distortion.

The advent of artificial intelligence has intensified this dilemma

A Member's Corner

From Rtn. Roehl G. Fontanilla

Continuation 1.

exponentially. Generative AI has lowered the barriers to producing convincing fake news to near zero. Deepfake videos, synthetic audio clips, and algorithmically generated text can now be fabricated at scale, personalized to exploit specific grievances, and deployed faster than fact-checkers can respond. In the Philippine context, where political discourse is already deeply polarized, AI does not merely spread falsehoods; it industrializes them. A single fabricated narrative can be cloned, localized, and injected into dozens of community groups within minutes, masquerading as organic conversation. The propagator's objective is no longer just to deceive, but to overwhelm to flood the information ecosystem until the public loses the ability to distinguish signal from noise.

Countering this threat, however, is not simply a matter of better technology or stricter platform moderation. ***Human cognition is the critical variable.*** The degree to which misinformation takes root depends less on the sophistication of the lie and more on the readiness of the audience to believe it. Discernment – the willingness to question a narrative, verify a source, and sit with discomfort – is the first line of defense. Yet discernment is in *constant tension with personal bias*. Our minds are inclined to accept information that confirms our existing worldviews and reject information that threatens them. In the Philippines, where political identity is often intertwined with family loyalty, regionalism, and historical memory, this “confirmation bias” becomes particularly potent. *A fake news story does not succeed because it is believable; it succeeds because it feels right to the person reading it.*

A Member's Corner

From Rtn. Roehl G. Fontanilla

Continuation 2.

Navigating this landscape requires a deliberate recalibration of how individuals engage with technology. The goal is not to abandon social media, *but to use it with intentionality*. Before sharing any politically charged content, **pause**. Ask: Who created this? What emotion is it designed to trigger (like the Rotary 4-way Test)? Is the source transparent about its funding and editorial standards?

Then, *audit your digital ecosystem*. Algorithms reinforce your existing beliefs by design, so intentionally diversify your feeds with independent journalism and long-form analysis. ***Recognize that outrage and vindication are often engineered features*** -- not organic reactions, but tools to keep your scrolling.

Finally, *separate the medium from the message*. Social media is a tool, **not a truth engine**. Its value lies in its capacity to connect, **not to validate**. Treat it as a starting point for inquiry rather than a destination for conclusion.

The dilemma of social media in Philippine politics is fundamentally a dilemma of human agency. Technology amplifies intent, but it does not create it. **AI is a powerful accelerant**, yet it still requires a human hand to guide it and a human mind to receive it. The path forward demands neither technophobia nor blind faith in digital platforms, *but a cultivated skepticism—a commitment to intellectual humility* in an age of algorithmic certainty. In a democracy, the quality of our shared reality depends not on the perfection of our platforms, ***but on the discipline of the individuals scrolling through them.***

Wheat not Weeds

Children Are Jewels in God's Eyes

Recently, we, Filipinos, were shocked by the school shooting incident in Tacloban City. May pupils were shot dead. But the worst part was that the culprits were two minors who held guns. One may say "how could they did this to their schoolmates?" Others would wonder, "what kind of parents who raised them?" But no matter how we speculate or guess what pushed those two minors to commit such a crime, the victims they killed will never come back home.

That's a sad and disappointing reality. Children who are supposed to be pride and joy of all parents were treated like trash in this incident. Worst, parents of those young murderers were negligent in teaching them virtues like humility and respect. Thus, I believe that no whether we ban violent computer games because it teaches violence in their psyche subliminally or lower legally the age of criminality it won't make a difference if parents will be negligent in raising their children.

Bottom line, children are precious in God's sight. In fact, Ps. 127:3 says, "Children are a heritage from the Lord, offspring a reward from him." If they are God's blessings or treasures bestowed upon parents, then they should know how to cherish and take care of them with love. Until all parents will acknowledge this truth as this, children will continue to be victims of children in conflict with the law.

ROTARY CODE OF CONDUCT

As a Rotarian, I will

1. Exemplify the core value of integrity in all behaviors and activities
2. Use my vocational experience and talents to serve in Rotary
3. Conduct all of my personal, business, and professional affairs ethically, encouraging and fostering high ethical standards as an example to others
4. Be fair in all dealings with others and treat them with the respect due to them as fellow human beings
5. Promote recognition and respect for all occupations which are useful to society
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community
7. Honor the trust that Rotary and fellow Rotarians provide and not do anything that will bring dis-favor or reflect adversely on Rotary or fellow Rotarians
8. Not seek from a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship

***DECLARATION OF ROTARIANS
IN
BUSINESS AND PROFESSIONS***

As a Rotarian engaged in a business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of the ethical codes of my vocation, to the laws of my country, and to the moral standards of my community;
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation;
4. Be fair to my employer, employees, associates, competitors, customers, the public and all those with whom I have a business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community;
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or professions;
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.
