Song of the Day

MY ROTARY DAY

(Adapted from "Beautiful Sunday")

Thursday morning, I'm up and about
I think I'll take a walk in the park
Hey, hey, hey, it's a wonderful day

I've got someone waiting for me
When I see him I know that he'll say
Hey, hey, hey, it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

Birds are singing, you by my side
Let's take a car and go for a ride
Hey, hey, hey, it's our Rotary day
We'll drive on and follow the sun
Makin' Thursday go on and on
Hey, hey, hey, it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

Hi, hi, hi, wonderful Thursday
This is my, my, my, Rotary day
When you say, say, say, say that you'll meet me
Oh, hey, hey, hey it's our Rotary day

Beyond Recognition Reconnecting with Purpose

Last Saturday, March 14, I attended the 3rd Breakfast Meeting of District 3800, and just yesterday, March 18, we conducted a Career Fireside Chat for Rizal High School students, which also included the distribution of stipends to our Interactor scholars.

During the District Breakfast Meeting, we received several recognitions for consistently submitting our Tinig newsletter, for sharing a high-impact project photo to be featured during DISCON, and for sending Rotaractors to the Rotary Youth Leadership Awards (RYLA), an initiative that develops future leaders.

While these recognitions are appreciated, I found myself reflecting on how recognition might be further strengthened in the district in the coming years.

First, since every club is expected to carry out purposeful service projects, all clubs deserve recognition.

Second, recognition may be categorized based on club size to ensure a more balanced and equitable approach.

Third, it may be helpful to move away from metrics that primarily measure compliance, as these can unintentionally lead to a points-driven mindset rather than a purpose-driven approach.

From the President

Pres. Roy Quejada

Continuation 1.

Suggestion ko lang naman ito, in the hope that our actions remain aligned with the vision of Rotary.

To keep that vision alive, we conducted another career talk session to guide the students of Rizal High School this time through a more informal Fireside Session.

Through the leadership and guidance of Rtn. Joseph Gualberto, with support from RHS Interactor advisers, we brought together a panel of Rotarians to share their expertise: Rtn. Jake Oh, Rtn. Noel Go, Rtn. Ato Basco, Rtn. Jimmy Gualberto, PP John Javier, and PE Jun Zafra. It turned out to be a very engaging session.

One notable question raised by a student was about burnout. It was interesting to see that even at their stage, they are already anticipating this challenge as they pursue their college journey. The panel candidly shared simple but meaningful advice: when you feel burnout “maligo ka 😊”. Take time to pause, relax, open up to trusted friends or family, or even exercise. These small actions can help ease the feeling and get you back on track toward your goals.

The Breakfast Meeting served as a reminder that while recognitions affirm that we are doing the right things (sort of), the true reward lies in the positive feeling we gain when we serve and support our communities.

The hot summer months thru a fake message will not come at all but cooler days to come instead. What this call phenomenon may be a cyber trick. But with the cost of diesel spiralling, it is cheaper now to use your gasoline engine. HOFS PRID Raffy and PP Conrad had already solutions even before the diesel prices went up. They were using EVs already. Stylish, comfortable to ride and more comfortable to the pocket. Galing kayo!

Dir Joseph calls it the fireside chat which was term used by a former club CEO when they call the board and members for a meeting over merienda cena. This time Joseph was having Interactors and Rotaractors as participants. And learning and guiding experiences, he scheduled one for yesterday and another for tomorrow, some selected fields and different key speakers. For the 18th at RHS for Interactors with three top Rotarians to lead as named, Doc Ato, Noel and Jake. The chosen fields are medical field, business and entrepreneurship and computer field. Joseph will have the second one for the Rotaractors at PLP.

Have you not tapped PP Bong to be a lead speaker? When finemaster PP Topax was not around last week, he took over in a very good fashion the fining chores. In any field he can excel.

Dir Roland had a nice suggestion, EV mixed with Hybrid Solar Power System that will solve both your EV needs and home needs. You will realize the highest savings with nice combination. Only in theory, on paper? Roland will show you

how, lecture for free but installation doon siya babawi. It will still be fair under the Four Way Test.

Is this month the Girl's Month? Rotary Club of Marikina East had a seminar called G.I.R.L. or Growing, Inspiring, Resilient Leaders. Inspiring leaders to chase G.I.R.L.s?

Ask PP Rel if ok. If ok, in the spirit of Lent, go to Rtn Fr Kell for clearance.

Dir Joseph was requesting for speakers for his dual project on same subject matters but different venue and audience. But since he is not a golfer, he did not have the needed follow through kaya poor response. The positive responders with no follow through seemed to have second thoughts though.

With Iran still very much in a fighting stance, do not expect the fuel prices to go down. But if it goes farther up, the result will be catastrophic to our economy. All prices will go up and crimes too. If the tricycle drivers will be suffering so much kaya binigyan ng subsidy, all others will similarly be affected. Ingat for all of us. Our speaker two weeks ago is going to his MMDA office in a bike some 7 kilometers away from his house. We are not far behind. Let us pray!

Barcelona selected to host Rotary International Convention 2029

Five-day event will welcome up to 20,000 participants from more than 140 countries and generate an estimated €68 million for the local economy

BARCELONA (Mar. 9, 2026) – Rotary International has announced Barcelona as the host of its annual international convention, to be held 2–6 June 2029 at the world-class Fira de Barcelona venue.

The membership service organization's annual convention is expected to draw up to 20,000 Rotary members and participants. According to Rotary International, the event is projected to generate an estimated impact of €68 million for the local economy, with further benefits expected as delegates extend their stay in Barcelona and travel elsewhere in Spain and the wider Iberian region.

The 2029 convention will mark the second time Barcelona hosts Rotary's flagship global event, following the city's first Rotary International Convention in 2002, which attracted more than 16,800 registered participants from around the world.

Often described by attendees as a "mini-United Nations," the Rotary International Convention brings together participants from more than 140 countries for plenary sessions, workshops, an exhibition of humanitarian projects, and cultural and networking events.

The 2002 convention in Barcelona featured Nobel Peace Prize laureate and former Soviet president Mikhail Gorbachev. More recent gatherings have welcomed global leaders including Tawakkol Karman, Nobel Peace Prize laureate and human rights advocate; Dr. Tedros Adhanom Ghebreyesus, Director-General of the World Health Organization; and Graça Machel, internationally recognized for her work in women's and children's rights.

“Rotary conventions are places where ideas, service and collaboration converge, bringing together people from around the world to share experiences, work on solutions and build lasting relationships,” said Rotary International President Francesco Arezzo. “We are pleased to return to Barcelona in 2029, a city with a strong international outlook and a proud history of welcoming our global Rotary community”.

The successful bid was led by Rotary members in Barcelona, with support from Rotary leaders across Spain and Portugal, local clubs in the metropolitan area, and key city partners including the Barcelona City Council, the Barcelona Convention Bureau, and Fira de Barcelona. “Hosting the convention is both an honor and a responsibility,” said Sergio Aragón, Chair of the Barcelona 2029 Host Committee and member of the Rotary Club Barcelona Diagonal. “Barcelona’s civic spirit, cultural diversity and commitment to social progress closely align with Rotary’s values, and we look forward to showcasing that to our international guests”.

The convention will add to Barcelona's strong tradition of hosting major international events. "The choice of Barcelona to

host the Rotary International Convention once again confirms the attractiveness and solvency of the city," said Jaume Collboni, Mayor of the City of Barcelona. "The convention offers the opportunity to position Barcelona internationally as a city aligned with humanitarian, cultural and pro-diversity values, while showcasing the culture, innovation and experiences of visitors to the city, generating a significant economic impact that should contribute to the city's legacy and return to the territory."

In the Iberian region, encompassing Spain and Portugal, more than 7,000 Rotary members volunteer their time to support projects with immediate social impact. Examples of this commitment in local communities include:

Food Security: Rotary clubs in Barcelona help provide more than 1,300 free meals every week to community dining services, with support from local hotels and volunteers.

Emergency Response: Following the recent catastrophic floods in Valencia and Andalusia, Rotary members across the region mobilized to deliver emergency aid, humanitarian supplies, and clean-up support.

Health and Innovation: Rotary members in Catalonia support initiatives ranging from hospital-at-home care to donations of medical equipment and fundraising for families affected by Alzheimer's disease.

These local efforts reflect Rotary's global reach. Rotary members throughout the world develop and implement sustainable, community-driven projects that fight disease,

promote peace, provide clean water, support education, improve maternal and child health, grow local economies and protect the environment. Over US\$5.5 billion has been awarded through The Rotary Foundation to support these programs worldwide.

About Rotary: Rotary brings together a global network of volunteer leaders dedicated to tackling the world's most pressing humanitarian challenges and creating lasting change. Rotary connects 1.2 million people of action from more than 45,000 Rotary clubs in almost every country in the world, including more than 4,670 members across 250 clubs across Spain. Their service improves lives both locally and internationally, from helping those in need in their own communities to working toward a polio-free world.
