The Inception of Rotary Luxid Credit Cooperative

In 2017, a vision of empowerment began to take shape within the Rotary Club of Pasig. It started with a conversation among Ateneo classmates, led by Freddie Antonio, then a member of the country's Monetary Board. Inspired by the success of the Dela Strada Cooperative, which grew from a modest seed fund of P33,000 to P167 million over two decades, Antonio urged his peers to "teach the poor how to fish instead of just giving them fish."

The idea was simple yet profound: establish a microfinance cooperative in a marginalized community, one that could provide loans, encourage savings, and uplift families through sustainable livelihood.

BUILDING PARTNERSHIPS

The first attempt to replicate the Dela Strada model faced challenges, but the setback sparked a new path. PP Conard Cuesta, a Rotary leader, brokered a partnership among three groups: the Luxid Foundation, the Rafael M. Garcia Foundation, and the Rotary Club of Pasig. Together, they envisioned a project anchored in a Gawad Kalinga community, supported by land and facilities in Calauag.

The plan was ambitious: a PhilHealth-accredited polyclinic, livelihood training, and value-formation programs. Prominent medical leaders joined the cause, including Dr. Manuel Chua-Chiaco of the Philippine Heart Center and Dr. Johnny Nanagas of PGH, who proposed adding a birthing clinic to sustain operations. Rotary's incoming president, Jess, was tapped to drive the initiative forward.

THE MEMORANDUM OF UNDERSTANDING

Momentum grew quickly. The proposal impressed both Rotary's financial experts and the Garcia Foundation, which committed to constructing the building. With Luxid Foundation's formal approval, the partnership solidified.

On April 10, 2017, the dream became official: the Memorandum of Understanding (MOU) was signed by officers of the Luxid Foundation, Rotary Club of Pasig, and Rafael M. Garcia Foundation. A commemorative photo captured the moment — a symbol of unity and shared purpose.

A COOPERATIVE FOR THE COMMUNITY

The Rotary Luxid Credit Cooperative was born from this collaboration, embodying the principle of "Help Others Help Themselves." It was not just about financial aid, but about creating a system where members could save, borrow, and grow together.

By combining Rotary's service ethos, Luxid's alumni spirit, and the Garcia Foundation's resources, the cooperative became a beacon of hope for Pasig's marginalized families. It marked the beginning of a journey toward financial literacy, livelihood empowerment, and community resilience.

In essence, the inception of Rotary Luxid Credit Cooperative is a story of vision turned into action — proof that when service, expertise, and compassion converge, communities can rise together.

Officers of Luxid Foundation, Rotary Club of Pasig, and Rafael M. Garcia Foundation pose for posterity after the signing of the Memorandum of Understanding.

Song of the Day

PUMAPATAK ANG ULAN

Pumapatak na naman ang ulan sa bubong ng bahay
Di maiwasang gumawa ng di inaasahang bagay
Laklak ng laklak ng beer magdamagan
May kahirapan at di maiwasan
Mabuti pa kayang matulog ka na lang
At baka sumakit ang tiyan

[Verse 2]

Ang araw ko'y nabubusisi
Ako ang nasisisi
Bakit ba sila ganyan
Ang pera ko ay di magkasya
Hindi makapagsine at ayaw naman dagdagan

[Verse 3]

Ubos na rin ang beer, kaya kape na lang
Lahat sinusubukan kahit walang pulutan
Ang buhay ng tamad
Walang hinaharap ni konting sarap man lang

[Bridge]

Radyo, tv at mga lumang komiks
Wala ng ibang mapaglibangan
At kung meron kang tatawagan
Trenta sentimos ika'y makakaltasan
Aha...

Song of the Day

[Verse 4]

Umiindak ang paa sa kumpas na tugtuging bago
Hanggang kumpas ka nalang at di mo na alam ang tono
Sa paghinto ng ulan ano ang gagawain
Huwag ng isipin at walang babaguhin
Mabuti pa kaya matulog ka nalang
Matulog na ng mahimbing

[Outro]

Pumapatak na naman ang ulan...

Pres. Jun Zafra

Theme for September: Basic Education and Literacy

As we observe Basic Education and Literacy Month this September, I am reminded of two powerful truths from great leaders:

***“EDUCATION IS THE MOST POWERFUL WEAPON
WHICH YOU CAN USE TO CHANGE THE WORLD”***

-Nelson Mandela-

Mandela reminds us that classrooms and scholarships are not expenses – they are investments in peace and progress. When we teach a child to read and to dream, we give the power to transform their family and community.

***“THE FUNCTION OF EDUCATION IS TO TEACH
ONE TO THINK INTENSIVELY AND TO THINK
CRITICALLY”***

-Martin Luther King-

Dr. King teaches us that education goes beyond books. It builds minds that can solve problems, and stand to what is right.

In RC Pasig, we are proud to live out these ideals. Again this year, we are supporting 60 high school scholars and 30 college scholars – 90 young Filipinos whose futures we are working to shape, one support and one opportunity at a time.

Every scholar we support is a proof that Service Above Self works. Every peso we give, every hour we mentor, is a step

From the President

Pres. Jun Zafra

toward breaking the cycle of poverty and building a nation of thinkers, leaders and People of Action.

This month, let us recommit to our mission. Let us bring a friend, grow our membership and grow our impact in education. Because when we invest in child's learning, we invest in the future of our country.

Thank you for your heart of service.

Service Above Self.

Rotary Notes

PP Benny P. De Guzman

It was our very first evening meeting last week and all went very well. Good attendance, very good food up to the dessert. And enriched by the roast turkey of the birthday boy - idol PP Celso. And, a great speaker, PP Jeng Liban with her many honors both here and abroad made it a very good evening indeed.

Even super Rotarian Chony was around and was given recognition for his Pagpupugay sa Kabayanihan ng Pulis Pasig project. Even the community singing was impressive as no less than our guest speaker Jeng led the singing.

Congratulations to IPP Roy and the Club for the RI Award for Club Excellence we received.

My cellphone did not get the message about the brother of our Edgar passing away. HOF/ PP Peter informed me in passing so that I was able to condole properly during the meeting. Tinig condoles with Edgar on his family's loss.

It was supposed to be a night where prospective Rotarians would be introduced. There were about 6 young ones certainly to bring our average age a bit lower. But who will join, we will sort out. I was surprised to note HOF/PP Conrad was not around. Did he feel the same when the attendance to his Luxid meeting was not as good?

I was impressed with the new City Hall of Pasig with a seemingly good flow of people in and out of the offices. With the enthusiasm and leadership of our Mayor Vico, it may be

Rotary Notes

PP Benny P. De Guzman

harder for the family that managed our city for so long to return as they cannot match the good balance Vico's term produced.

As we see floods all around especially the Roxas District of Quezon City, we just have to be thankful how blessed our city is since before any floods can reach us, the entire Quezon City will be submerged already. Imagine the SUV that was carried by the floodwaters in the Tarlac river. All occupants must have died and so far only one body was recovered. Thankful in calamities? For us but woe to those who suffer.

Aside from PP Nick, we have 3 others worth training in singing. Dir Aris, Dir Roland and PP Henry are good singers as shown at the last meeting. We can invite later PP Jeng for a Rotary quintet. Our 4 Rotarians would know how to behave anyway as super blackbelter si PP Jeng.

PRID Raffy cited our lack of fireside chats, in fact zero for the last 2 Rotary years. Also zero for meetings with our spouses. Is it because they are not called Rotary Anns anymore? Wala na bang ARAP? Sa pangARAP na lang? ARAP strengthened our clubs very well then.

It is not robbing the roast turkey of PP Celso last week but 2 weeks before, a super Korean dish was added to the lunch by no less than birthday boy Rtn Philip. It was kimchi prepared by his wife.

Tinig wishes PRID Raffy and Minda super blessings on their 60th Wedding Anniversary yesterday. (2 weeks ago should have been our 60th too but my Pura missed out 35 days short).

‘One simple word’

Leaders highlight the power of gratitude at The Rotary Foundation Donor Summit

Leaders highlight the power of gratitude at The Rotary Foundation Donor Summit

When she reflected on her experiences at The Rotary Foundation’s 2026 Donor Summit in Taipei, Taiwan, Vicki Puliz thought of “one simple word.”

That word was gratitude.

“Gratitude for each of you. For your generosity, your leadership, and the way you show up for one another and for the world,” said Puliz, the vice chair of The Rotary Foundation Board of Trustees. She addressed the summit on behalf of 2026-27 Trustee Chair Jennifer Jones.

“Gratitude has a way of bringing us closer. It reminds us that none of this happens alone and that every act of generosity matters,” Puliz added.

More than 1,000 donors attended the summit, held 15 June during the 2026 Rotary International Convention. The largest annual gathering of Foundation donors, it was among numerous convention events held for the people who help make Rotary’s work possible.

“When we talk about giving, we’re not just talking about today,” Puliz said. “We’re talking about values passed down,

stories shared, and a belief in something bigger than ourselves.”

Donors’ enthusiasm for Rotary and commitment to its mission were apparent throughout the convention. Two ceremonies honored 40 new or elevated members of the Arch Klumph Society, which recognizes donors who have given US\$250,000 or more. More than 300 people registered for The Rotary Foundation Unity Ball, and more than 200 registered for the Doing Good in the World Dinner.

Holger Knaack, the 2025-26 trustee chair, described the extensive scope of Rotary’s impact and thanked the attendees for their generosity.

“We have made real progress by working together across countries, across programs, and across generations,” he said. “This is what we mean when we say Unite for Good. It is also how Rotary opens opportunities — opportunities for communities to grow, for people to connect, and to create lasting change.”

Knaack noted that the Foundation has allocated US\$5.5 billion to Rotary projects over the last century. These funds have supported efforts to promote peace, fight disease, provide clean water, help mothers and children, improve education, grow local economies, and protect the environment.

For Past District Governor Nellie Lin of Taiwan, the proof of Rotary’s global fellowship was found in a packet of spices. She received the unassuming gift from the Rotary Club of Cochin,

Kerala, India, at the height of the COVID-19 pandemic in 2020. Lin recalled how Rotary members around the world provided vital support, medical and otherwise, to communities affected by the pandemic.

“That year, thousands of global grants were funded worldwide. I had the opportunity to support 14 global grants by personal giving and fundraising,” she said. When the spices came in return, she said, “that moment reminded me that gratitude is one of the sincerest ways people of action build meaningful connections.”

Lin was joined onstage by her brother, District Governor-elect Nicky Lynn, and her mother, Judy Huang. All three are Arch Klumph Society members, part of a tradition of Foundation giving that has spanned generations. Lin said her father, Ricardo, helped charter the Rotary Club of Taipei East in Taiwan, and her family recommitted to Rotary after his death in 2009.

“I chartered the Rotary Club of Taipei Ricardo in honor of my father’s lifelong contributions to Rotary and The Rotary Foundation, and nearly all family members became Rotary members,” she said. “My mom always says, ‘Rotary is simple. Supporting The Rotary Foundation is one of the most meaningful ways to give.’”

Puliz echoed Lin’s theme when she addressed the audience at the event’s conclusion.

Continuation 3.

“Gratitude will continue to guide us in how we lead, how we serve, and how we recognize one another. Not just something we say, but something we live,” she said.

“As you leave this summit, carry that feeling with you. Think about the stories that moved you. Think about who you might invite on this journey. And think about how you will continue to help this work grow around the world.”

LEGAL CORNER

By PP Celso Ylagan II

In ***Leonora Dela Cruz-Lanuza v. Alfredo Lanuza, Jr., G.R. No. 242362, April 17, 2024***, the Supreme Court has ruled that decades-long unjustified absence from the marital home may be considered evidence of psychological incapacity to comply with marital obligations.

Facts:

Leonora and Alfredo were married in June 1984 and had four children. Over time, Alfredo's behavior changed. He neglected family duties, engaged in extramarital affairs, and abandoned Leonora in 1994. He refused to provide financial support to his family, and treated Leonora merely as an occupant of their home rather than as his wife. After 10 years, Leonora and Alfredo separated, after which Alfredo married several women. Leonora filed a petition for declaration of nullity of marriage under **Article 36** of the Family Code, citing Alfredo's psychological incapacity.

Ruling:

The Supreme Court declared their marriage void, ruling that Alfredo's long absence from his marital home showed incurable and grave psychological incapacity, which made him unable to fulfill his marital duties. The Family Code has stressed that spouses are obliged to live together, observe mutual love, respect, and fidelity, and render mutual help and support. Alfredo's infidelity, repeated abandonment, multiple marriages, lack of support for his wife and children, and unjustified absence from his family indicate that he does not understand the responsibilities of a husband and father. Thus, the marriage between Leonora and Alfredo was nullified on the ground of psychological incapacity. 🏛️

Don't Ignore Expiry Dates For These Foods

Looks and smells can be very deceiving which is why expiration dates stamped on packaging can guide you and help prevent illnesses.

1. Egg Substitutes - You only have 3-5 days once they're opened.
2. Soft Cheeses - As a general rule, softer cheeses such as goat cheese, ricotta or cream cheese last about a week in the fridge when opened.
3. Jarred Condiments - Once opened, they should be consumed in a timely fashion as they tend to be more exposed to bacteria that can cause food borne illnesses.
4. Cold Pressed or Raw Juices - These raw juices are not pasteurized making them much more prone to contamination by bacteria.
5. Fresh Meats - On "sell by" date, you either need to eat it or freeze it
6. Ground Meats - Should be eaten or frozen within two days of purchase.
7. Fish - Should be consumed in one or two days after purchase.

Not Your Cup of Tea

A steep rise in concerns over nanoplastics in premium mesh tea bags centers on how these heat-leached particles impact male adult health. Steeping a single plastic-based tea bag at brewing temperature releases over 3.1 billion nanoplastics.

Because nanoplastics measure under 100 nanometers, they easily bypass cellular walls, enter the bloodstream, and accumulate in organs. For men, this presents specific physiological risks:

- **Hormonal Disruption:** Nanoplastics leach manufacturing additives like bisphenols and phthalates. These act as xenoestrogens, disrupting the endocrine system, which can lower testosterone production and degrade semen quality.
- **Cellular Stress:** Studies show these particles target intestinal cells, causing systemic inflammation and metabolic issues.

Safe Alternatives:

To avoid chemical ingestion, ditch synthetic nylon or heat-sealed polypropylene bags. Switch to these verified clean options:

- **Loose-Leaf Tea:** The safest method; brew using a stainless steel or glass infuser.
- **Plastic-Free Brands:** Choose reputable brands like Numi

Restoring An Important Virtue to Children

Children's behavior nowadays are very alarming . . . at least to some or a number of children. The recent school violence incidents in Zamboanga and Leyte should not only be an eye-opener for all of us, Filipinos but also more importantly to Filipino parents. Parents must be aware that they have a sacred duty to discipline their children at home by teaching them virtues expected of them as children of God instead of spoiling them just to make them happy and love them in return by giving them lavishly gifts and granting their wishes. But how does disciplining children come into the mind of God.

Proverbs 23:13 says, "Do not withhold discipline from a child; if you strike him with a rod, he will not die." Of course, it's really evil to injure physically our children for the sake of disciplining them. But "to strike him/her with a rod" may mean to teach your child the virtue of discipline like respecting people and their personal boundaries, adhering to schedule at home and school, respecting their own bodies, especially his or her given sexual attributes, as a grace from God instead of experimenting them with woke or secular ideas, and setting "friendly punishments or penalties" whenever they err or sin at home and school like suspending their allowances or grounding them to teach them that there are indeed consequences to pay whenever they commit wrongdoings especially going against God's will as taught in the Bible.

So let's discipline our children so they will learn self-discipline and integrity.
